PART ONE: ENACTMENT AND ADMINISTRATION

Section 1: Title

- 1.1 This Bylaw is entitled the **Town of Fox Creek Land Use Bylaw**.

Section 2: Purpose

- 2.1 The purpose of this Bylaw is to regulate the use and development of land and buildings in the Town of Fox Creek pursuant to Part 17 of the *Act*.

Section 3: Application

- 3.1 The provisions of this Bylaw apply to all lands and buildings within the boundaries of the Town, pursuant to Part 17 of the *Act*.
- 3.2 No person shall commence any development within the Town except in compliance with this Bylaw.

Section 4: Effective Date

- 4.1 This Bylaw comes into force and takes effect upon the date of its third reading. Land Use Bylaw 662-2007 as amended is hereby repealed.

Section 5: Other Legislative Requirements

- 5.1 Compliance with the requirements of this Bylaw does not exempt any person from the requirements of any statutory plan.
- 5.2 Nothing in this Bylaw exempts a person from obtaining a development permit as required by this Bylaw or from obtaining any other permit, licence or other authorization required by this or any other Bylaw.
- 5.3 In addition to the requirements of this Bylaw, a person is required to comply with all federal, provincial and other municipal legislation.

Section 6: Transition

- 6.1 An application submitted and accepted prior to the approval of this Bylaw shall be considered under the provisions of Land Use Bylaw 662-2007, as amended.

Section 7: Severability

- 7.1 In the event any portion of this Bylaw is found invalid or is overturned, the validity of the remaining portions of this Bylaw shall not be affected.

PART TWO: INTERPRETATION

Section 8: Rules of Interpretation

- 8.1 For interpretation of the Bylaw, the metric values indicated in the Bylaw shall prevail. Approximate imperial measures are shown for convenience.
- 8.2 Words used in the present tense include the other tenses and derivative forms. Words used in the singular include the plural and vice versa. Words have the same meaning whether they are capitalized or not.
- 8.3 The words *shall* and *must* require mandatory compliance except where a variance has been granted pursuant to the Act or this Bylaw.
- 8.4 Words, phrases, and terms not defined in this part may be given their definition in existing legislation and regulations, such as the *Act* or the Alberta Building Code. Other words shall be given their usual and customary meaning.
- 8.5 Where a regulation involves two (2) or more conditions or provisions connected by a conjunction, the following shall apply:
 - (a) *and* means all the connected items shall apply in combination;
 - (b) *or* indicates that the connected items may apply singly or in combination; and
 - (c) *and/or* indicates the items shall apply singly or in combination.

Section 9: Definitions

- 9.1 Definitions

“ABUT” or “ABUTTING” means immediately contiguous or sharing a property line with.

“ACCESSORY BUILDING OR STRUCTURE” means a building or structure which is incidental, subordinate and exclusively devoted to the principal use or building and is located on the same parcel. Typical examples include detached garages, carports, sheds, storage buildings, patios or balconies, permanently installed private swimming pools and hot tubs, and other accessory structures such as free-standing television and radio antennas, poles, satellite dishes and towers. An accessory building or structure does not include extensions that are physically attached to the principal building or any signs.

This includes day care centres, nurseries, kindergartens, nursery schools, play schools, and other similar uses.

“DECK” means an uncovered horizontal platform with a surface height greater than 0.6 m (2.0 ft) above grade at any point that is intended for use as an outdoor amenity space. This does not include a balcony.

“DEPOT” means a development used for the maintenance, servicing, dispatching, storage or repair of motor vehicles. This may include the dispensing of fuel or petroleum products directly into motor vehicles.

“DEPOT, TAXI/BUS” means a depot used for taxis, limousines or buses which includes an area, site or location intended for the loading and unloading of passengers.

“DEPOT, TRUCK” means a depot for commercial vehicles and/or transport trailers. This may include the sale of accessories or equipment for trucks and similar commercial vehicles, or the loading and unloading of goods from freight carrying trucks.

“DEVELOPMENT” means:

- (a) an excavation or stockpile and the creation of either of them;
- (b) clearing or grading on a parcel of land greater than one (1) hectare in size;
- (c) a building or an addition to or replacement or repair of a building and the construction or placing of any of them on, in, over or under land;
- (d) a change of use of land or a building or an act done in relation to land or a building that results in or is likely to result in a change in the use of the land or building; or
- (e) a change in the intensity of use of land or a building or an act done in relation to land or a building that results in or is likely to result in a change in the intensity of use of the land or building.

“DEVELOPMENT AUTHORITY” means a Development Authority established pursuant to the *Act* that has been authorized to exercise development powers on behalf of the municipality.

“DEVELOPMENT PERMIT” means a document that is issued under the Land Use Bylaw and authorizes a development.

“DISTRICT” means a land use district established under this Bylaw as described in Part Ten.

“DRINKING ESTABLISHMENT” means a building or part of a building where the primary purpose is the sale of alcoholic beverages to the public for consumption on the premises pursuant to a license issued by the Alberta Gaming and Liquor Commission, and may include the provision of food or entertainment. Drinking establishments include bars, taverns, night clubs and lounges, but not restaurants or adult entertainment facilities.

“DRIVE-THROUGH” means a use that provides services to patrons inside a motor vehicle and must be approved with another use.

“DRIVEWAY” means a private road that provides vehicle access from a lot or site to a public road.

“DRY CLEANING AND LAUNDRY FACILITY” means a building where the cleaning of clothing is carried on and/or used for the purpose of receiving articles of clothing to the cleaned elsewhere.

“DWELLING” means any building used for residential occupancy containing one or more dwelling units. A dwelling is not a hotel, boarding or rooming house, bed and breakfast facility, or bunkhouse.

“DWELLING UNIT” means a self-contained residence with sleeping, cooking, eating, living and sanitary facilities, and with an independent entrance either directly from outside the building or through a common area inside the building.

“DWELLING, APARTMENT” means a dwelling with five or more dwelling units that share a common entrance, and that does not conform to the definition of any other residential use.

“DWELLING, DUPLEX” means a dwelling containing two dwelling units, either one above the other or side by side, each of which has an independent entrance, either directly from outside the building or through a common vestibule.

“DWELLING, FOURPLEX” means a dwelling containing four dwelling units with each having direct access to the outside grade, but not all the units are required to have separate frontage onto a public or private road. Units may have common side and rear walls and may also be separated by a common ceiling/floor assembly. A fourplex dwelling is not a row housing dwelling.

“DWELLING, MULTI-UNIT RESIDENTIAL” means a dwelling containing three or more dwelling units separated from each other by firewalls. It refers to triplex dwellings, fourplex dwellings, apartment dwellings, and row house dwellings. A multi-unit residential dwelling is not a bunkhouse, boarding and rooming house, or duplex dwelling.

“DWELLING, ROW HOUSE” means a dwelling containing at least three dwelling units with each having direct access to the outside grade. Units are attached at the side walls, each having frontage onto a public or private road. A row house dwelling unit may be located on a separate lot if the lot is registered after construction of the row house dwelling. A row house dwelling is not an apartment dwelling or fourplex dwelling.

“DWELLING, SINGLE DETACHED” means a dwelling containing one principal dwelling unit, which may contain a secondary suite, and that is constructed upon a permanent foundation or basement. A single detached dwelling is not a manufactured home or modular home.

“DWELLING, TRIPLEX” means a dwelling containing three dwelling units with each having direct access to the outside grade, but not all the units are required to have separate frontage onto a public or private road. Units may have common side and rear walls and may also be separated by a common ceiling/floor assembly.

“ENTERTAINMENT FACILITY” means a facility or establishment which provides entertainment for a gain or a profit. This does not include adult entertainment facilities or drinking establishments.

“ENVIRONMENTAL IMPACT ASSESSMENT” means a comprehensive site analysis to determine:

- (a) the potential impact of the proposed development on the site;
- (b) the potential environmental impact of the proposed development upon adjacent properties or land uses; and
- (c) the potential environmental impact of the proposed development upon the future land use potential of the property.

“ENVIRONMENTAL SITE ASSESSMENT” means a written report prepared by a qualified professional conducted according to Canadian Standards Association (CSA) guidelines to describe and assess the overall environmental status of a site, including:

- (a) whether there is or may be any conditions or circumstances that could create a risk to the environment or to human health either on or off the site, and if present, the nature and extent of that risk; and
- (b) whether there is, or has been, any enforcement action relating to the environmental conditions of the site.

“FENCE” means a vertical physical barrier constructed to prevent visual intrusion, limit unauthorized access, mark a boundary or provide noise abatement.

“FINISHED GRADE” means the finished level of the ground adjacent to the foundation of the principal building, not including artificial embankments, stairways or window wells.

“FINISHED GRADE, AVERAGE” means the average elevation of the finished grade of a building or structure.

“FLOOR AREA” means the total floor area of every room and passageway contained in a building but not including the floor areas of basements, attached garages, open porches, patios, open decks, verandas or breezeways.

“FUNERAL HOME” means a place where funerals are held and/or the deceased are kept until they are released for burial or cremation.

“GAMING OR GAMBLING ESTABLISHMENT” means a building, or any portion thereof, which is used or intended for use for the purpose of dealing, operating, maintaining or conducting any game played with cards, dice, or any mechanical device for money, property or item of value.

“GARAGE” means an enclosed accessory building or portion of a primary building used or intended to be used for the private parking or storage of motor vehicles.

“GAS BAR” means a retail outlet that is limited to the sale of gasoline and related automotive products, and may include a “Convenience Food Store”. It does not include automobile service stations or automobile repair garages.

“GOLF COURSE” means a golf playing area and accessory buildings and uses related to the playing of the game of golf. This may include a pro shop, club house, restaurant, licensed dining area or lounge, driving range and picnic area.

“GOVERNMENT SERVICE” means a development used by a government agency to provide services directly to the public. This includes a school district office, but does not include protective and emergency services or schools.

“GREENHOUSE/PLANT NURSERY” means a development for the growing, harvesting, storage, and/or selling of plants and may include accessory uses related to the storing, displaying, and selling of related products.

“GROSS FLOOR AREA” means the total floor area of every room and passageway contained in a building including the floor area of basements but not including areas used exclusively for storage or mechanical/electrical services.

“GROUP CARE FACILITY” means a building which provides residential accommodation for up to seven persons, most or all of which are handicapped, aged, disabled, or in need of adult assistance and who are provided service or supervision, excluding foster homes.

“HARD SURFACING” means asphalt, concrete, paving stone or similar material but not gravel satisfactory to the Development Authority that is used in the construction of a driveway or parking area.

“HEAVY EQUIPMENT SALES, SERVICE, STORAGE, AND RENTALS” means a development used for the retail sale or rental of new or used heavy equipment and trucks exceeding 4,000 kilograms, motor homes, and manufactured homes together with incidental maintenance services and the sale of parts and accessories.

“HIGHWAY” means a primary highway as designated under the *Public Highways Development Act*. For the purposes of this Bylaw “highway” means Alberta Highway 43.

“HOME OCCUPATION” means the incidental and subordinate use of a residential building to conduct a business or commercial enterprise.

“HOME OCCUPATION, MAJOR” means a home occupation use whose scale and type require outdoor storage for materials, mobile equipment or vehicles and may produce nuisances that require regulation. For the purposes of clarification, this includes such uses as the storage of equipment, trucks and related vehicles, trucking operations, construction equipment storage and other similar uses.

“HOME OCCUPATION, MINOR” means a home occupation use which does not alter the residential character of the property or negatively affect surrounding residential properties, and is limited to the confines of the residence. For the purposes of

clarification, this includes such uses as hairdressing, accounting, cosmetic sales, sewing and other similar uses.

“HOSPITAL” means an institutional development used to provide in-patient and out-patient health care to the public, and may include emergency medical services, community health centres, psychiatric care or extended medical care, and accessory food service, office and/or accommodation uses.

“HOTEL” means a building, including a motel, used to provide temporary sleeping accommodation to the public, and which may also include a restaurant, drinking establishment, or meeting rooms.

“INDUSTRY/MANUFACTURING” means an industry engaged in:

- (a) the assembly, processing, manufacture, cleaning, testing, repairing, storage or distribution of various materials into a new product;
- (b) the cleaning, servicing, repairing or testing of materials, goods and equipment normally associated with industrial or commercial businesses, or cleaning, servicing and repair operations to goods and equipment associated with personal or household use, where such operations have impacts that would make them incompatible elsewhere; or
- (c) the training of personnel in industrial operations.

“INDUSTRY/MANUFACTURING, FOREST BASED” means an industry/manufacturing use that manufactures or produces forest-based products and generally includes lumber manufacturing facilities, oriented strand board plants, pulp mills and saw mills.

“INDUSTRY/MANUFACTURING, HAZARDOUS” means an industry/manufacturing use that by reason of emissions, noise or storage of goods and materials creates a situation which is offensive or hazardous to human health, safety and well-being. These industries are incompatible with residential, commercial and other land uses.

“INDUSTRY/MANUFACTURING, HEAVY” means an industry/manufacturing use that presents moderate nuisances that require separation from other land uses. These industry/manufacturing uses exhibit one or more of the following characteristics:

- (a) requires a large parcel of land;
- (b) involves the development of either large buildings or structures;
- (c) requires large areas of open space;
- (d) emits noise which is audible beyond the parcel boundary;
- (e) involves the emission of smoke, dust, flying ash, or other particulate matter;
- (f) may emit an odour or gas;
- (g) involves the use of toxic gases or substances in the manufacture process;

- (h) produces heat beyond the parcel boundary;
- (i) requires the storage of goods or products which may be hazardous or offensive; or
- (j) produces waste materials that may be hazardous or offensive.

“INDUSTRY/MANUFACTURING, LIGHT” means an industry/manufacturing use that operates in such a manner that nuisances are not created or apparent from outside enclosed buildings. These industry/manufacturing uses exhibit one or more of the following characteristics:

- (a) can be developed on smaller parcels of land;
- (b) is suitable for industrial parks;
- (c) most of the activities are confined to the building;
- (d) does not require large areas for outdoor storage; and

 - (d) The maintenance and repair of public works, services or utilities carried out by or on behalf of federal, provincial or municipal authorities;

- (e) The erection of signage that does not require a development permit according to Section 71;
- (f) Hard surfacing of any area not to exceed 7.5 m (24.6 ft) in width that is part of a development for which a development permit has been issued, for the purpose of providing vehicle or pedestrian access or parking, where such improvements do not drain onto adjacent properties;
- (g) Erection of towers, flagpoles and other poles not exceeding 4.5 m (14.8 ft) in height from grade in any Residential District;
- (h) Construction or installation of an accessory building or movable structure that does not exceed 14.0 m² (150.7 ft²) provided that the structure is not fixed on a permanent foundation or concrete pad and the required setbacks are maintained;
- (i) Construction or installation of an accessory building within a residential district or urban reserve that does not exceed 14.0 m² (150.7 ft²) provided that the required setbacks are maintained;
- (j) Erection of temporary structures less than 175 m² (1883.7 ft²) for the purpose of an event held in a parking lot for a maximum of six (6) months;
- (k) Construction or installation of a deck less than 15.0 m² (161.5 ft²) in area, providing that the side and rear setbacks are maintained;
- (l) Landings and patios;
- (m) A permitted commercial use relocating to an existing building within the same commercial land use district;
- (n) Landscaping where the proposed grades will not adversely affect the subject or adjacent properties, except where landscaping forms part of a development which requires a development permit;
- (o) Temporary use of a building for election or census purposes;
- (p) Demolition of a building or structure where a development permit has been issued for a new development on the same site, and the demolition of the existing building or structure is implicit in that permit;
- (q) The installation of a satellite dish antenna less than 1.0 m (3.3 ft) in diameter, if it is attached to an existing structure, subject to the requirements of Section 57;
- (r) Stripping, site grading, excavation, or stockpiling of topsoil that is part of a development for which a development permit has been issued;
- (s) Home offices, provided they meet the requirements under Section 49;
- (t) The occupancy by a permitted use of vacant space in an existing or approved Shopping Centre; and

- (u) Any development specified in Section 618 of the *Act*.

Section 18: Non-Conforming Buildings and Uses

- 18.1 Developments which are considered to be a non-conforming building or use shall be dealt with as provided for under the *Act*:
- (a) If a development permit has been issued prior to a Bylaw or any Bylaw amendment coming into effect, and the Bylaw or amendment would result in the development authorized by the permit to be non-conforming, then the development permit continues to be in effect in spite of the Bylaw coming into force;
 - (b) Where a non-conforming use of land or building is discontinued for a period of six (6) consecutive months, any future use of the land or building must conform with the land use Bylaw then in effect;
 - (c) A non-conforming use may be extended throughout a building but the building may not be enlarged or added to and no structural alterations may be made to it or in it, whether or not the building is non-conforming;
 - (d) A non-conforming use of part of a lot may not be extended to any other part of the lot and no additional building may be constructed on the lot while the non-conforming use continues;
 - (e) A non-conforming building may continue to be used but the building may not be enlarged, added to, rebuilt or structurally altered except:
 - (i) to make it a conforming building;
 - (ii) for routine maintenance of the building if the Development Authority considers it necessary; or
 - (iii) in accordance with a land use Bylaw that provides minor variance powers to a Development Authority for the purposes of this Section.
 - (f) If a non-conforming building is damaged beyond seventy five percent (75%) of the value of the building above its foundation, the building shall not be repaired or rebuilt except in accordance with the land use Bylaw; and
 - (g) The land use or the use of a building is not affected by a change of ownership or tenancy of the land or building.

Section 19: Application for Development Permit

- 19.1 A development permit application shall be made on the prescribed application form to the satisfaction of the Development Officer and shall be signed by the applicant or their agent.

- 19.2 Each application for a development permit shall be accompanied by a fee as established by Council resolution.
- 19.3 In addition to the completed application form, the following are required:
- (a) Proposed use and occupancy for all parts of the land and buildings;
 - (b) The value and size of the proposed construction;
 - (c) Site plans drawn to scale, professionally produced or comparable to professionally produced at the discretion of the Development Authority, showing:
 - (i) north arrow;
 - (ii) scale, revision history, and date of plan;
 - (iii) legal description of property;
 - (iv) municipal address;
 - (v) lot lines shown with dimensions;
 - (vi) proposed front, side and rear yards shown with dimensions;
 - (vii) floor plans, elevations, and exterior finishing materials;
 - (viii) location and dimensions of existing and proposed municipal and private local improvements, principal buildings and other structures including accessory buildings or structures, garages, carports, parking spaces, fences, driveways, paved areas, and major landscaped areas including buffering and screening areas where provided;
 - (ix) the grades of existing and proposed streets, lanes, sidewalks and sewers servicing the property;
 - (x) existing and proposed deep and shallow utilities;
 - (xi) development density, site coverage calculations, allocation of floor space for different uses, height, and number of storeys according to the definitions of this Bylaw;
 - (xii) all existing and proposed abutting streets, lanes, sidewalks, curbs, trails, highways and roads rights-of-way, and any existing or future access to the proposed Development;
 - (xiii) site topography, drainage patterns, grades and special conditions;
 - (xiv) location of all registered utility easements and rights-of-way;
 - (xv) proposed removal of any trees; and
 - (xvi) confirmed location of any active or inactive oil or gas development or wells on or within 25 m (82.0 ft) of the site;

- (d) For commercial, industrial, multi-unit residential, recreational, institutional, and similar uses, the following are also required on site plans defined in Section 19.3(c):
- (i) building cross-sections, foundation plans, and colour renderings
 - (ii) loading and access provisions;
 - (iii) adjacent properties, including land uses and improvements;
 - (iv) garbage and storage areas, including the fencing and screening proposed;
 - (v) information regarding any dangerous goods, or other noxious, toxic, radioactive, flammable, or explosive material proposed for use or storage on-site; and
 - (vi) a lot lighting plan; and
 - (vii) a landscaping plan showing the location of all existing and proposed landscaping including trees, shrubs, and grass, and any existing trees proposed to be removed;
- (e) A copy of the Certificate of Title for the subject site dated within thirty (30) days of the application date, and copies of any caveats or instruments registered in favour of the Town;
- (f) A signed consent form allowing right-of-entry on the property by the Development Officer.

19.4 In addition, the Development Authority may require any of the following:

- (a) Photographic prints or slides showing the site in its existing state;
- (b) A Plan of Survey prepared by an Alberta Land Surveyor showing the site to be developed;
- (c) A geotechnical or floodplain study prepared by a qualified engineer, if in the opinion of the Development Officer the site is potentially hazardous or unstable;
- (d) A reclamation plan for aggregate extraction or other major surface disturbance;
- (e) A Phase 1 Environmental Site Assessment to determine potential contamination and mitigation;
- (f) An Environmental Impact Review prepared by a qualified professional if the proposed development may, in the opinion of the Development Officer, result in potentially significant environmental effects;
- (g) Detailed studies regarding the potential impact and approach to dealing with traffic, utilities and storm drainage prepared by a qualified engineer or engineering technologist;
- (h) Noise evaluation and attenuation studies;

- (i) A parking impact study;
 - (j) A report of consultation conducted with abutting and adjacent land owners;
 - (k) In the case of the development of a site with multiple uses, a master plan and preliminary engineering plan for the entire site;
 - (l) Elevations of any signs proposed for the development; and
 - (m) Such other information that is deemed necessary by the Development Authority.
- 19.5 The Development Authority may deal with an application without all of the required information if, in the opinion of the Development Authority, a decision can be properly made on the application without that information. The Development Authority may refuse to accept an application for a development permit where, in their opinion, the information supplied by the applicant is incomplete or insufficient to properly evaluate the application.
- 19.6 Prior to an application being considered, the Development Authority, at its sole discretion, may require the applicant or its designated agent to host a public meeting to ensure information and an opportunity to comment about the development application is provided to the public at large.
- (a) Notice of the meeting shall be provided by the Town, at the applicant's cost, to all landowners located within 100.0 m (328.1 ft) of the site which is the subject of the application.
 - (b) The applicant or their designated agent must provide to the Development Authority a report summarizing the nature of the consultation process and the responses received. The report must identify any issues raised and discuss how the applicant or designated agent proposes to address these issues.

Section 20: Application for Demolition

- 20.1 Notwithstanding Section 17.1(p) and in addition to the requirements of Section 19, an application for a development permit for the demolition of a non-residential building shall include the following information:
- (a) The value of the building;
 - (b) The purpose for the building demolition and the type of structure to replace the demolished building;
 - (c) A work schedule of the demolition and site cleanup;
 - (d) The destination of debris materials; and
 - (e) The length of time before the site is to be redeveloped and treatment of the site after demolition but prior to development.

Section 21: Decision

- 21.1 The Development Authority may issue a development permit with any condition, generally defined in Section 22, deemed necessary to ensure that the development complies with the *Act*, this Bylaw, and any or all statutory plans.
- 21.2 In making a decision on a development permit application for a permitted use, the Development Officer shall:
- (a) Approve, with or without conditions, the application if the proposed development conforms with this Bylaw; or
 - (b) Refer to the Municipal Planning Commission those applications for development specified in the list of permitted uses, but which in the opinion of the Development Officer, should be directed to the Municipal Planning Commission; or
 - (c) Refuse the application if the proposed development does not conform to this Bylaw.
- 21.3 In making a decision on a development permit application for a discretionary use, the Development Authority:
- (a) May approve the application if it meets the requirements of this Bylaw, with or without conditions, based on the merits of the application including any approved statutory plan or approved policy affecting the site; or,
 - (b) May refuse the application even though it meets the requirements of this Bylaw; or,
 - (c) Shall refuse the application if the proposed development does not conform to this Bylaw.
- 21.4 In reviewing a development permit application for a discretionary use, the Development Authority shall have regard to:
- (a) The circumstances and merits of the application, including but not limited to:
 - (i) the impact of such nuisance factors as smoke, airborne emissions, odours and noise on properties in the vicinity;
 - (ii) the design, character and appearance of the proposed development and in particular whether it is compatible with the surrounding properties; and,
 - (iii) the servicing requirements for the proposed development;
 - (b) The purpose and intent of any statutory plan adopted by the Town; and
 - (c) The purpose and intent of any non-statutory plan or pertinent policy adopted by the Town.

- 21.5 Notwithstanding any provisions or requirements of this Bylaw, the Development Authority may establish a more stringent standard for a discretionary use when the Development Authority deems it necessary to do so.
- 21.6 The Development Authority shall refuse a development permit for a use or development that is not listed as a permitted or discretionary Use.
- 21.7 Notwithstanding Section 21.6, if a proposed use of land or a building is not listed as a permitted use or discretionary use in this Bylaw, the Development Authority may determine that such a use is similar in character and purpose to a use permitted in that land use district and may allow the development as a discretionary use.
- 21.8 Only one development permit application shall be allowed for any one use on a site at any one time.
- 21.9 An application for a development permit shall be deemed to be refused when a decision is not made by the Development Authority within forty (40) days after receipt of the application by the Development Officer, unless an agreement to extend the forty (40) day period is established between the applicant(s) and the Development Authority.
- 21.10 Where there are reasonable grounds to do so, the Development Authority may, in its sole discretion and with the concurrence of an applicant, do any of the following:
- (a) reconsider an approved site elevation, or
 - (b) reconsider, review, modify or clarify the terms of the conditions attached to an approved development permit.
- 21.11 If an application for a development permit has been refused, another application for a permit on the same parcel of land and for the same or similar use may not be submitted by the same or any other applicant until at least six (6) months after the date of the refusal, unless the applicant demonstrates to the satisfaction of the Development Authority that the new application addresses the reasons for refusal.
- 21.12 No development permit shall be issued while a decision or any appeal from a decision is pending, or until the time for filing an appeal of the decision of the Development Authority has expired.

Section 22: Development Permit Conditions

- 22.1 As a condition of a development permit, the Development Authority may require that the applicant enter into a development agreement with the Town, which, in addition to other matters, may require the applicant to:
- (a) Construct or pay for the construction of:
 - (i) a road required to give access to the development;

- (ii) a pedestrian walkway system to serve the development or to give access to an adjacent development, or both; and
- (iii) off-street or other parking facilities and loading and unloading facilities;
- (b) Construct, install, or pay for any local improvements and Public Utilities which are needed to serve the development and any required easements, and joint drainage and access requirements;
- (c) Pay a redevelopment levy or off-site levy;
- (d) Repair or reinstate, to original condition, any street furniture, curbing, sidewalk, boulevard landscaping or trees which may be damaged or destroyed or otherwise harmed by development or building operations upon the site;
- (e) Provide site design measures to mitigate environmental hazards or risks inherent to or affecting the site;
- (f) Provide a security to guarantee performance of any of the conditions of the development permit;
 - (i) A security may be provided by a letter of guarantee, an irrevocable letter of credit, a caveat under the *Land Titles Act*, or cash, at the discretion of the Development Authority.
 - (ii) The amount of the security shall be 100% of the estimated cost of fulfilling the conditions of the development permit.
 - (iii) The security may be used by the Town to undertake the work required to fulfill the conditions of the development permit if it is not completed according to the conditions of the development permit.
 - (iv) If the security is insufficient to cover the cost of the work required to fulfill the condition of the development permit, the difference may be registered as a debt due from the property owner to the Town at the discretion of the Development Authority.
 - (v) The security shall be released upon an inspection of the site that demonstrates the work has been completed to the satisfaction of the Development Authority; and,
- (g) Attend to all other matters the Development Authority considers appropriate.

22.2 Subject to this Bylaw, any statutory plan, and the *Act*, the Development Authority may attach whatever conditions it considers appropriate to a development permit for either a discretionary use or permitted use, including but not limited to the following:

- (a) Project phasing;
- (b) Landscaping requirements;

- (c) Noise attenuation;
 - (d) Special parking provisions;
 - (e) Location, appearance, and character of a building;
 - (f) Grading of a site to protect adjacent properties;
 - (g) Crime Prevention through Environmental Design (CPTED) design elements to promote site safety; and
 - (h) Measures to ensure that the proposed development is compatible with surrounding land uses.
- 22.3 The exterior finish of a building in all residential districts shall be completed by October 31st of the year following the year in which the development permit is issued unless otherwise stipulated in the development permit.
- 22.4 As a condition of issuing a development permit for any use where a variance has been granted, the Development Authority may require the applicant to conform to a higher standard than required by applicable regulations and bylaws, if in the opinion of the Development Authority, conformance to a higher standard will offset the impacts of the granted variance.
- 22.5 As a condition for a development permit for any use involving the manufacture, storage, and handling of dangerous goods, the Development Authority may require a Risk Assessment Report be prepared and kept up-to-date by a qualified engineer. This requirement may be waived by the Development Authority in the case of small quantities of dangerous goods.
- 22.6 As a condition of issuing a development permit in a Direct Control District, the Development Authority may impose such conditions as are determined advisable, having regard to the regulations of the district and the provisions of any statutory plan.
- 22.7 The applicant for a development permit shall make satisfactory arrangements for the supply of any and all required Public Utilities, vehicular access, or any other required service, with the appropriate department, agency or utility.

Section 23: Variance Authority

- 23.1 The Development Authority may approve at their discretion, with or without conditions, an application for development that does not comply with this Bylaw where:
- (a) The proposed development would not unduly interfere with the amenities of the neighbourhood;

- (b) The proposed development would not unduly interfere with the use, enjoyment, or value of neighbouring properties; and
 - (c) The proposed development would conform to the use prescribed for that land or building under the Bylaw.
- 23.2 The Development Authority may approve at their discretion, with or without conditions, an application for an enlargement, alteration, or addition to a legal non-conforming building where:
- (a) The non-conforming building complies with the uses prescribed for the land in the Bylaw;
 - (b) The proposed development would not unduly interfere with the amenities of the neighbourhood; and
 - (c) The proposed development would not unduly interfere with the use, enjoyment, or value of neighbouring properties.
- 23.3 In approving applications for development permits under Sections 23.1 or 23.2, the Development Authority shall adhere to the following:
- (a) Variances to the Bylaw shall only be considered in cases of unusual hardship or practical difficulties with development that are not common to other property in the same District;
 - (b) Except as otherwise stated in the Bylaw, no variances shall be provided to site coverage, building height, or dwelling unit density requirements; and
 - (c) Uses shall generally conform to the Purpose of the District provided.

Section 24: Notice of a Proposed Development

- 24.1 The Development Officer may refer a development permit application to any Town department and to any external agency for comment and advice.
- 24.2 Upon receipt of a complete application for a development permit for a development listed as a discretionary use or a development permit that requires a variance, the Development Officer may send a written notice to adjacent property owners or to a greater circulation area specified by the Development Authority. The notice shall indicate:
- (a) The location and nature of the development proposal;
 - (b) The time and date a decision will be rendered on the application;
 - (c) Copies of relevant drawings; and,
 - (d) A location and date to submit comments.

- 24.3 After thirty (30) days from the date of referral to any Town department or any external agency, the Development Authority may deal with the application whether or not comments have been provided.

Section 25: Notice of Decision

- 25.1 A decision of the Development Authority on an application for a development permit must be in writing and a copy of the decision must be given to the applicant.
- 25.2 Where a development permit application is refused, the reasons for refusal shall be stated in the decision letter.
- 25.3 When a development permit is approved for a discretionary use or a use requiring a variance, the Development Officer shall publicize a notice of decision within fourteen (14) days in any or all of the forms as described as follows:
- (a) Mail a notice of the decision to all persons whose use, enjoyment or value of the property may, in the opinion of the Development Authority, be affected; and/or
 - (b) Post a notice of the decision conspicuously on the property for which the application has been made; and/or
 - (c) Publish in a newspaper circulating in the municipality a notice of the decision.
- 25.4 A published notice of decision shall include:
- (a) The legal description and/or civic address of the site,
 - (b) The nature of the proposed development, and
 - (c) The rights to appeal.
- 25.5 No notice is required to be given for a decision to approve an application for a Permitted Use for which no variance was granted.

Section 26: Validity and Revocation of Decision

- 26.1 A development permit issued is not valid until all the conditions of the permit, except those of a continuing nature, have been met and no notice of appeal has been filed with the Subdivision and Development Appeal Board within the appeal period.
- 26.2 The Development Officer may revoke a development permit if:
- (a) There is a contravention of any condition under which such permit was issued,
 - (b) The permit was issued in error, or
 - (c) The permit was issued on the basis of incorrect information.

- 26.3 If the development authorized by a permit is not commenced within twelve (12) months from the date of its issue, or carried out with reasonable diligence in the opinion of the Development Authority, the permit is deemed to be void.
- 26.4 Once work has been initiated in connection with a project approved by a development permit, the permit remains valid until the work is completed, provided that the project is substantially completed within two (2) years of the date the permit was initially issued.
- 26.5 Notwithstanding anything in this bylaw, the right of any person to use land for a discretionary use approved by the Development Authority shall be deemed to have terminated six (6) months after the date that such use ceased to be conducted upon the site.
- 26.6 In the event that an extension to a development permit is required, the Development Authority may grant an extension of up to twelve (12) months at their discretion, provided that the proposed development still complies with the provisions of this bylaw.
- 26.7 If a development permit is deemed invalid, the Development Officer may direct that the site be returned to its original condition or to a state acceptable to the Development Officer.

Section 27: Appealing a Decision

- 27.1 The applicant for a development permit may appeal to the Subdivision and Development Appeal Board if the Development Authority:
- (a) Refuses a development application;
 - (b) Fails to make a decision on a development permit within forty (40) days of receipt of a completed application; or
 - (c) Issues a development permit subject to conditions.
- 27.2 In addition to the applicant, any person affected by a development permit or the decision on it, may appeal to the Board.
- 27.3 Notwithstanding Sections 27.1 and 27.2, no appeal lies in respect of the issuance of a development permit for a permitted use unless the provisions of this Bylaw are relaxed, varied, or misinterpreted.
- 27.4 An appeal must be commenced:
- (a) In the case of an applicant, within fourteen (14) days of the notification of the decision, or, if no decision is made on the development permit application within forty (40) days of receipt of the completed application, the date the period of any extension expires.

- (b) In the case of a person affected, within fourteen (14) days of the Town publishing notice of the development permit decision in a newspaper circulating in the Town.
- 27.5 A decision on a development application within a Direct Control District cannot be appealed unless the appeal is limited to whether or not the Development Authority followed the directions of Council. If the Board finds that the Development Authority did not follow Council's directions, it may, in accordance with Council's directions, substitute its decision for that of the Development Authority.

Section 28: The Appeal Process

- 28.1 The Subdivision and Development Appeal Board shall consider and make decisions on appeals pursuant to the provisions of the *Act*.
- 28.2 If a notice of appeal of a decision on a development permit application is served on the Secretary of the Subdivision and Development Appeal Board, the permit shall not be effective until:
 - (a) The decision to approve the permit is upheld by the Subdivision and Development Appeal Board; or
 - (b) The Secretary of the Subdivision and Development Appeal Board receives written notice from the appellant withdrawing the appeal.
- 28.3 If a decision to approve a development permit is reversed by the Board, the development permit shall be null and void.
- 28.4 If a decision to refuse a development permit application is reversed by the Board, the Board shall direct the Development Officer to issue a development permit in accordance with its decision.
- 28.5 If a decision to approve a development permit application is varied by the Board, the Board shall direct the Development Officer to issue a development permit in accordance with its decision.
- 28.6 The decision of the Board is binding except on a question of jurisdiction or law, in which case the appellant may appeal to the Court of Appeal as provided in the *Act*.

PART FIVE: AMENDING THE BYLAW

Section 29: Bylaw Amendments

- 29.1 Town Council may amend this Bylaw pursuant to the *Act*.
- 29.2 Any person may apply to amend this Bylaw pursuant to the *Act* and the requirements of Section 30.

Section 30: Contents of an Amendment Application

- 30.1 An application to amend this Bylaw shall be made to the Town on the prescribed form, and shall be signed by the applicant or their agent authorized in writing. The following information and documents shall accompany the application:
 - (a) A written statement of the rationale for the request to amend the Bylaw, including a statement describing the implications of the amendment;
 - (b) The required application fee;
 - (c) If the amendment involves the rezoning of land to a different land use district, the following is also required:
 - (i) a copy of the current Certificate of Title for the lands affected dated within thirty (30) days of the application date, and copies of any caveats or instruments registered in favour of the Town;
 - (ii) if the applicant is an agent of the landowner, a letter from the landowner verifying the agent's authority to make the application;
 - (iii) permission for right of entry by the Development Officer or a designated officer of the Town;
 - (iv) a properly dimensioned map indicating the affected site and its relationship to existing land uses on adjacent properties;
 - (d) A traffic impact analysis may be required at the discretion of the Development Authority when proposed changes would allow for higher density or intensity uses on the site; and
 - (e) Such additional information as the Development Authority may require to properly evaluate and to make recommendations to Council concerning the proposed amendment.
- 30.2 Council may require, prior to considering a proposed amendment to this Bylaw, that a developer prepare an Area Structure Plan in accordance with the *Act* or an Outline Plan in accordance with the Municipal Development Plan. The Area Structure Plan or Outline Plan shall address all those issues considered necessary for the proper consideration of development within the area covered by the Area Structure Plan or Outline Plan.

Section 31: The Amendment Process

- 31.1 The amendment application may be referred by the Development Officer to:
- (a) Any Town Department for review and comment;
 - (b) Any external agency for comment and advice;
 - (c) The Municipal Planning Commission for consideration and recommendation to Council; and,
 - (d) Council for first reading and to establish a date for a public hearing to be held prior to second reading.
- 31.2 In accordance with the *Act* and after the date for a public hearing has been set by Council, a notice of the application shall be published once a week for two consecutive weeks in a newspaper circulating in the Town. This notice shall contain:
- (a) The legal description of the land;
 - (b) The purpose of the proposed amendment;
 - (c) The one or more places where a copy of the proposed amendment may be inspected by the public during reasonable hours;
 - (d) The date, place, and time that Council will hold a public hearing on the proposed amendment;
 - (e) An outline of the procedures to be followed by anyone wishing to be heard at the public hearing; and
 - (f) An outline of the procedures of how the public hearing will be conducted.
- 31.3 If the amendment involves the rezoning of land to a different land use district, a notice shall also be communicated in writing to the owner(s) of the subject land, and to all adjacent landowners.
- 31.4 An amendment application shall not be presented to Council for a public hearing until twenty (20) days after the publication of the notice of application required in Section 31.2 or the mailing of notices to landowners specified in Section 31.3.
- 31.5 Council may make such changes as it considers necessary to the proposed amendment, if any, and proceed to pass the proposed amendment, or defeat the proposed amendment after considering:
- (a) Any representations made at the public hearing; and
 - (b) The Municipal Development Plan, and any area structure plan or area redevelopment plan affecting the application and the provisions of this Bylaw;

- 31.6 Where an application for an amendment has been refused by Council, the Town shall refuse to accept another application on the same land for the same or similar purpose until six (6) months have passed from the date of such refusal.
- 31.7 If deemed necessary, the Town may initiate an amendment to this Bylaw without the landowner's consent.

PART SIX: CONTRAVENTION AND ENFORCEMENT

Section 32: Contravention

- 32.1 No person shall contravene this Bylaw by commencing or undertaking a development, use, or sign that is not permitted under this Bylaw.
- 32.2 No person shall authorize or do any development that is at variance with the description, specifications or plans that were the basis for issuing a development permit under this Bylaw.
- 32.3 No person shall contravene a condition of a permit issued under this Bylaw.
- 32.4 A Community Peace Officer or the Development Officer may enforce the provisions of this Bylaw, the *Act* and its regulations, and the conditions of a development permit or subdivision approval.

Section 33: Stop Order

- 33.1 If the Development Officer finds that a development, land use or use of a building is not in accordance with the *Act*, this Bylaw, a development permit or subdivision approval, the Development Officer may issue a written Stop Order to the owner, the person in possession of the land or building, or other person responsible for the contravention, or all or any of them to:
 - (a) Stop the development or use of the land or building in whole or part as directed by the notice;
 - (b) Demolish, remove or replace the development; or,
 - (c) Carry out any other actions required by the notice so that the development or use of the land or building complies with the *Act* or this Bylaw, a development permit or a subdivision approval within the time set out in the notice.
- 33.2 A person may appeal a Stop Order to the Subdivision and Development Appeal Board.
- 33.3 If a person fails or refuses to comply with a Stop Order, the Town may, in accordance with Section 542 of the *Act*, enter upon the land or building and take such action as is necessary to carry out the order.
- 33.4 If the Town takes action to carry out a Stop Order the Town shall cause the costs and expenses incurred in doing so to be placed on the tax roll of the property concerned.
- 33.5 The Town may register a caveat with respect to the Stop Order in the Land Titles Office.

- 33.6 If the Town takes action to carry out a Stop Order the Town shall cause the costs and expenses incurred in doing so to be placed on the tax roll of the property concerned.

Section 34: Sign Impoundment

- 34.1 If a sign, pursuant to Part Nine, contravenes this Bylaw, the Town may, without notice, remove and impound the sign if it is located on lands under the control of the Town or the Town has the consent of the registered owner of the land on which the sign is located.
- 34.2 If a sign or poster is attached to a decorative street light it may be removed by the Town without notice.
- 34.3 The owner of an impounded sign may claim it by paying an impoundment fee.
- 34.4 If a sign is not claimed within thirty (30) days, the Town may dispose of the sign.

Section 35: Offences and Penalties

- 35.1 Any person is guilty of an offence who:
- (a) Contravenes or fails to comply with any provision of this Bylaw or any permit issued hereunder;
 - (b) Erects or places a sign in contravention of this Bylaw;
 - (c) Obstructs or hinders any person in the performance of their duties under this Bylaw; or,
 - (d) Fails to comply with any order of the Development Officer;
- 35.2 In the case of a continuing offence, a contravention of this bylaw constitutes a separate offence with respect to each day or part of a day during which the contravention continues. A person guilty of such an offence is liable to a fine in an amount not less than that established by this bylaw for each separate offence.
- 35.3 Any person, who contravenes any provision of this Bylaw, is guilty of an offence punishable on summary conviction and is liable:
- (a) For a first offence to a fine of up to \$250.00; or
 - (b) For a second or subsequent offence, to a fine of not less than \$500.00 and not more than \$1,500.00.
- 35.4 Where an item or items have been placed in contravention of the Bylaw, the Town shall have the authority to confiscate items placed in contravention of the Bylaw. Where the removal of the items may cause an inherent risk to the Town, its staff or

contractors, the Town shall seek a court order before removing the contravening items.

- 35.5 Where a Community Peace Officer has reasonable grounds to believe that a person has contravened any provision of this Bylaw, the Officer may serve upon such person an offence ticket allowing the payment of the specified penalty to the Town in lieu of prosecution for the offence.
- 35.6 Council may, by resolution, revise penalties for contravention of or non-compliance with the provisions of this Bylaw.

PART SEVEN: GENERAL REGULATIONS

Section 36: Applicability

36.1 This Part shall apply to all Land Use Districts under this Bylaw.

Section 37: Accessory Buildings and Uses

37.1 General Provisions:

- (a) All accessory buildings or structures must meet the provisions of the *Alberta Safety Codes Act*.
- (b) Where an accessory building or structure is attached to the principal building on a parcel by a roof or an open or enclosed structure, except carports where vehicular access to the rear yard is not obstructed, said building is to be considered part of the principal building and not as an accessory building or structure and shall, therefore, adhere to the setback requirements for the principal buildings as specified in the land use districts.
- (c) An accessory building or structure on a corner lot or double fronting lot, in any District, shall be subject to the front yard requirements for the lot as determined by Section 43 of this Bylaw, and the Land Use District in which the lot is situated.
- (d) Flag poles may be located in the front yard, in any District, to the satisfaction of the Development Authority, as the case may be.
- (e) Accessory buildings shall not be used as dwellings, except in accordance with Section 58.

37.2 In Residential Districts:

- (a) Accessory buildings and structures include garages, carports, shed, storage buildings, decks, patios or balconies, permanently installed private swimming pools and hot tubs and other accessory structures such as television and radio antennas, poles, satellite dishes and towers.
- (b) An accessory building shall not exceed one (1) storey nor 5.5 m (18.0 ft) in height from the inside wall grade to the top of the roof, and shall not exceed the height of the principal dwelling.
- (c) No accessory building shall exceed 70.0 m² (753.5 ft²) in area and no wall shall exceed 9.75 m (32.0 ft) in length.
- (d) Notwithstanding Section 37.2(c), the total combined floor area of accessory buildings shall not exceed 10% of the site area.
- (e) **Siting of Accessory Buildings and Structures (excluding detached garages and carports)** – Provided that no part of an accessory building or structure encroaches onto a public utility lot (PUL), easement or adjacent property

maintenance easement, accessory buildings and structures (excluding detached garages and carports) shall be located as follows:

- (i) a minimum of 2.0 m (6.6 ft) from the dwelling provided that both buildings meet the requirements of the *Safety Codes Act*, and any amendments made from time to time;
 - (ii) not in a front yard; and
 - (iii) no closer than 0.5 m (1.6 ft) to the rear or side property line including building overhangs for all accessory structures.
- (f) **Siting of Detached Garages and Carports for Internal Lots** – Provided that no encroachment of any part of a building is onto a public utility lot (PUL), easement or adjacent property maintenance easement, detached garages and carports shall be located as follows:
- (i) a minimum of 2.0 m (6.6 ft) from the dwelling, provide that both buildings have met the requirements of the *Alberta Safety Codes Act*, and any amendments made from time to time;
 - (ii) not in a front yard;
 - (iii) no closer than 1.0 m (3.3 ft) to the side property line except where an agreement exists between the owners of adjoining properties to build their garages centered on the property line, in which case a fire wall shall be constructed to the standards of the *Alberta Safety Codes Act*, and regulations pursuant thereto, and any amendments made from time to time;
 - (iv) no closer than 1.0 m (3.3 ft) from the side property line and no closer than 0.6 m from the rear property line where the vehicle approach faces the street;
 - (v) no closer than 1.0 m (3.3 ft) from the side property line and 0.6 m (2.0 ft) from the rear property line where the vehicle approach is angled or curved from the lane (garage door entrance access does not face the lane); and
 - (vi) no closer than 1.0 m (3.3 ft) from the side property line and no closer than 5.0 m (16.4 ft) from the rear property line where the vehicle approach to the garage faces the lane.
- (g) **Siting of Garages and Carports for Corner and Double Fronting Lots** – Provided that no encroachment of any part of a building is onto a public utility lot (PUL), easement or property maintenance easement, detached garages and carports shall be located as follows:

- (i) a minimum of 2.0 m (6.6 ft) from the dwelling, provided that both buildings have met the requirements of the *Alberta Safety Codes Act*, and any amendments made from time to time;
 - (ii) not in a front yard;
 - (iii) no closer than 1.0 m (3.3 ft) from the side property line and no closer than 0.6 m (2.0 ft) from the rear property line where the vehicle approach faces to the garage faces the street; and
 - (iv) no closer than 1.0 m (3.3 ft) from the side property line and no closer than 5.0 m (16.4 ft) from the rear property line where the vehicle approach to the garage faces the lane.
- (h) **Decks, Patios and Balconies**
- (i) which are higher than 0.6 m (2.0 ft) above grade at any point shall adhere to the siting requirements under Section 37.2(e), where attached to the principal building, and to the siting requirements of Section 37.2(f) where detached; and
 - (ii) which are higher than 0.6 m (2.0 ft) above grade at any point shall be in accordance with Section 37.2(d) in terms of parcel coverage requirements; or
 - (iii) which do not project more than 0.6 m (2.0 ft) above grade, subject to Section 37.2(e), whether attached or detached, except that such structures may be allowed within the required front yard, but no closer than 1.5 m (4.9 ft) from the front parcel line and shall be subject to the fence provisions of this Bylaw.
- (i) **Private Swimming Pools and Hot Tubs**
- (i) every swimming pool and hot tub shall be secured against entry by the public other than owners, tenants or their guests;
 - (ii) no privately owned outdoor swimming pool or hot tub shall be constructed unless fenced; except that a wall of a building may be considered to provide adequate protection for its length when substituted for any portion of the fence;
 - (iii) every fence enclosing an outdoor swimming pool or hot tub shall be at least 1.5 m (4.9 ft) in height above the grade outside the enclosure and shall be of approved design such that it will deter children from climbing over or crawling through or under it to gain access. Gates in the fence shall provide protection equivalent to the fence and shall be equipped with a self-latching device located on the inside of the gate;
 - (iv) a private swimming pool shall be constructed in such a manner that: the depth of the pool shall be clearly marked at the deepest point and

- shallowest point; and it is provided with at least one exit ladder or stair from the deepest part of the pool, where the greatest dimension of the pool does not exceed 10.0 m (32.8 ft);
- (v) pool water shall be treated in accordance with Alberta Health regulations; and
 - (vi) swimming pools and hot tubs shall be sited as per Section 37.2(e).
- (j) Notwithstanding any provision in this section, no accessory building or structure shall be permitted that, in the opinion of the Development Authority, will serve to restrict access to the rear yard where a parcel has vehicular access from the front yard only and one side yard setback of 3.0 m (9.8 ft) has been provided to accommodate a driveway for vehicular passage and general access to the rear of the parcel.

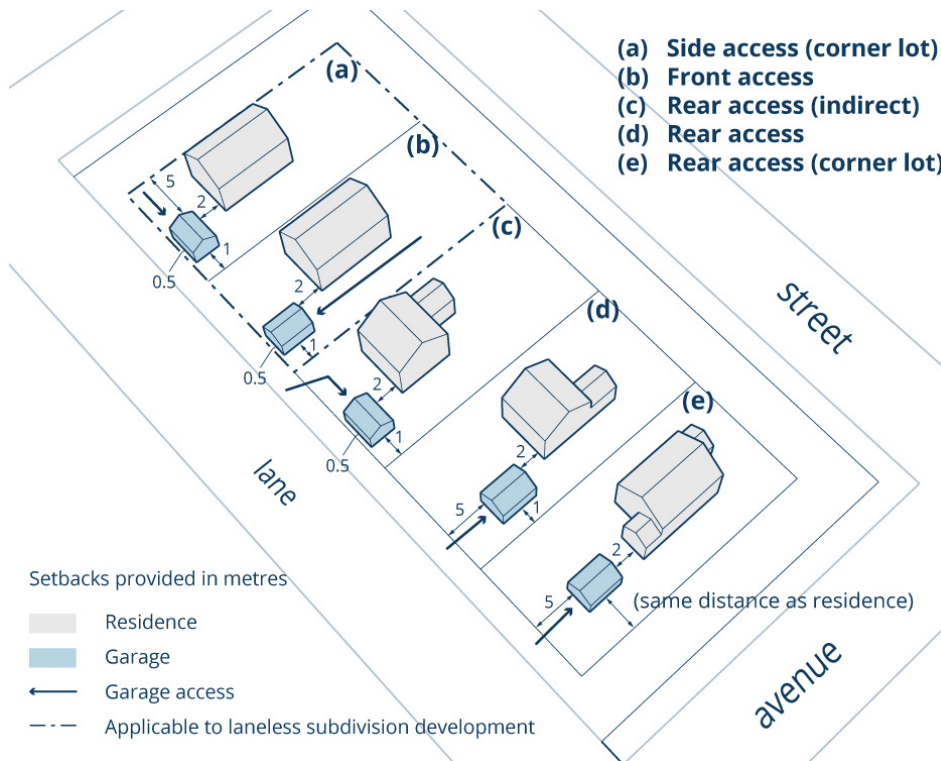

Figure 37.1. Siting of Detached Garages.

37.3 In Non-residential Districts:

- (a) In any District other than a Residential District, an accessory building or structure is subject to the development regulations for that District; and
- (b) Notwithstanding Section 37.3(a), an accessory building or structure on a site in a non-residential District which abuts a site in a Residential District shall not be

less than 1.5 m (4.9 ft) from the boundary line of the site in the Residential District.

Section 38: Adult Entertainment Facility

- 38.1 No person shall establish an Adult Entertainment Facility within 250.0 m (820.2 ft) of an:
- (a) Adult Entertainment Facility;
 - (b) Residential District;
 - (c) Apartment building within a Commercial District;
 - (d) Public/Separate School;
 - (e) Day Care Facility;
 - (f) Religious Assembly;
 - (g) Social Care Facility or Group Care Facility;
 - (h) Recreation Facility; or
 - (i) Public park, municipal reserve or municipal building.

Section 39: Bare Land Condominium

- 39.1 A bare land condominium development already part of the definition must comply with all the general regulations of this bylaw, including the regulations of the applicable land use district.
- 39.2 The front yard setback for dwelling units located within a bare land condominium development shall apply to the setback from the public roadway giving access to the bare land development. In addition, where applicable, the front yard setback shall apply to a dwelling unit when an internal roadway provides access to parking stalls located in the front of a dwelling unit.
- 39.3 The rear yard setback for dwelling units located within a bare land condominium development shall apply to the perimeter of the site to adjacent properties except in the case of a front yard.
- 39.4 A comprehensive site plan shall be required for the development of a residential bare land condominium development, and all development shall conform to the comprehensive site plan. The proposed plan must include the following to the satisfaction of the Development Authority:
- (a) Site Access, internal road system, walkway system and site pattern showing dimensions and structures;

- (b) Designated emergency access routes;
- (c) Provision for on-site containerized garbage collection facilities;
- (d) Open space designated for recreational and playground use, and shall not include any required buffer strip;
- (e) Location of hard surfaced parking for every proposed lot and visitor parking areas; and,
- (f) Such other information as deemed necessary by the Development Authority.

Section 40: Bed and Breakfast Facility

- 40.1 All persons operating bed and breakfast facilities require a Business Licence and must provide evidence of compliance with municipal, provincial and/or federal regulations in regard to their operation.
- 40.2 A bed and breakfast facility is an accessory use to a principal residential use of a single detached dwelling.
- 40.3 The privacy and enjoyment of adjacent residences shall be preserved and the amenities of the neighbourhood maintained at all times.
- 40.4 The accommodation shall be limited to a maximum of four (4) sleeping rooms and a maximum of eight (8) guests permitted at any one time.
- 40.5 No cooking facilities are provided in guest rooms.
- 40.6 Interior or exterior alterations, additions or renovations to accommodate a bed and breakfast facility may be allowed provided such alterations, additions or renovations maintain the principal residential appearance or character of the dwelling and comply with this Bylaw, the *Safety Codes Act*, and any other Town bylaws.
- 40.7 A bed and breakfast facility shall be operated only by the permanent resident(s) of the principal dwelling and one (1) non-resident employee on site.
- 40.8 The maximum rental period per stay is fourteen (14) days.
- 40.9 A bed and breakfast facility shall not be permitted within the same principal dwelling that contains a major home occupation or a boarding or rooming house.

Section 41: Boarding and Rooming Houses

- 41.1 All persons operating a boarding or rooming house shall require a Business Licence and must provide evidence of compliance with municipal, provincial and/or federal regulations in regard to their operation.
- 41.2 A boarding or rooming house may only be permitted in a single detached dwelling.

- 41.3 No other uses shall be permitted on a parcel where a boarding or rooming house exists.
- 41.4 A boarding or rooming house shall be operated only by the permanent resident(s) of the principal dwelling and one (1) non-resident employee on site.
- 41.5 No guest rooms are permitted to have separate cooking facilities.

Section 42: Communication Towers

- 42.1 An antenna and supporting structure for the following uses are discretionary and require a development permit in all districts:
 - (a) Radio and television transmission;
 - (b) Two-way radio;
 - (c) Common carriers;
 - (d) Land-mobile systems; and,
 - (e) Fixed point microwave.
- 42.2 Unless demonstrated to be impractical, transmission antennae shall be mounted on existing structures, including buildings or towers, or within transportation and utility corridors.
- 42.3 The tower base shall be set back from abutting parcels and roadways by a distance of 20% of the tower height or the distance between the tower base and guy wire anchors, whichever is greater.
- 42.4 Guy wire anchors shall be setback at least 1.0 m (3.3 ft) from the property line.
- 42.5 Transmission towers must have the least practical adverse visual effect on the environment. This may be mitigated through landscaping and/or fencing, etc.
- 42.6 Sites for commercial communication towers shall be fenced with suitable protective anti-climb fencing as required by the Town.
- 42.7 Communication antennae and structures to be located in all districts shall obtain a development permit where they exceed 4.6 m (15.1 ft) in height from grade.
- 42.8 An application for a development permit shall include a site plan drawn to scale and identifying:
 - (a) The site boundary;
 - (b) Tower;
 - (c) Guy wire anchors;
 - (d) Existing and proposed structures;
 - (e) Vehicular parking and access;

- (f) Existing vegetation to be retained, removed, or replaced; and
 - (g) Uses and structures on the site and abutting properties.
- 42.9 The Town shall encourage applicants to consult with residents adjacent the site.

Section 43: Corner/Double Fronting Lot Restrictions

- 43.1 No person on a corner lot in any District shall erect, place or maintain, within a triangle formed by the boundaries of the site common with the streets abutting them and a straight line connecting points on each of the said boundaries a distance of 6.0 m (19.7 ft) from the point where they intersect, a wall, fence, shrub, trees, hedge or any object over 1.0 m (3.3 ft) in height above the lowest street grade adjacent to the intersection. See Figure 43.1.

Figure 43.1. Restrictions on Corner / Double Fronting Lots.

- 43.2 In all Districts, a site abutting two (2) streets or more shall have a front yard on each street and two (2) side yards in accordance with Figure 43.1, and shall comply with the setback requirements of the Bylaw.
- 43.3 In all cases, the location of buildings on corner sites shall be subject to the approval of the Municipal Planning Commission who may at their discretion, relax the front yard setback requirements taking into account the location of existing adjacent buildings or the permitted setback on adjacent sites where a building does not exist.

Section 44: Drive-Throughs

44.1 Businesses with drive-throughs must:

- (a) Screen any drive through aisles that are adjacent to a residential district;
- (b) Fence any drive through aisles, where necessary, to prevent access to a lane or street;
- (c) Provide vehicle queuing and parking in accordance with Part Eight of this Bylaw;
- (d) Be separated from a residential district by a building if outdoor speakers are included;
- (e) Provide a separation of 23.0 m (75.5 ft) from the lot line of a residential district and any outdoor speakers;
- (f) The fencing and screening of the site and the volume of any outdoor speaker shall be to the satisfaction of the Development Authority.

44.2 Businesses with drive-throughs must not:

- (a) Have any drive through aisles in a setback area; or
- (b) Have pedestrian access into the premises that crosses a drive through aisle.

Section 45: Dwelling Units on a Parcel

45.1 The number of dwelling units permitted on a parcel shall be one (1), except:

- (a) In a dwelling designed for, or divided into, two (2) or more dwelling units and located in a land use district which permits multiple units;
- (b) In a single detached dwelling with an approved secondary suite under Section 58;
- (c) A manufactured home forming part of a manufactured home park or work camp for which a development permit has been issued; or
- (d) A parcel that is the subject of an approved condominium plan registered with Alberta Registries as defined in the *Condominium Property Act*.

Section 46: Easements

46.1 No development shall be constructed or placed in or over a utility easement or right-of-way unless:

- (a) Written consent has been obtained from the person whom the easement is registered to or the person whose utility line is located in the easement; and

- (b) The building, structure, fence, wall or landscaping does not restrict access to the utility easement for the purpose of installation or maintenance of the utility.
- 46.2 The registered landowner or authorized agent shall be responsible for confirming the location and requirements of all other utility easements or rights-of-way.

Section 47: Existing Buildings

- 47.1 Where a building exists on or before the effective date of this Bylaw on a lot or site having less than the minimum frontage, area, front yard, side yard or rear yard required by this Bylaw, the building may not be renovated or enlarged but may be repaired provided that:
- (a) The repair does not infringe upon the minimum front yard, side yard or rear yard of existing bylaw standards; and,
 - (b) All other applicable provisions of this Bylaw are satisfied.
- 47.2 Notwithstanding any provision of this Bylaw, the use of a building existing on a lot or site on the effective date of this Bylaw may be changed to a Permitted Use where the lot width, front yard area or both of these are less than the requirements for the same, provided that all the other requirements in this Bylaw are satisfied.

Section 48: Fencing and Screening

- 48.1 Fences and screening shall complement the character and quality of the principal building.
- 48.2 Fence and screening heights shall be measured from the finished grade approved by the Development Authority, and include the height of retaining walls supporting the fence or screen.
- 48.3 The maximum height of a fence, hedge or other screening as measured from grade shall be:
- (a) 2.0 m (6.6 ft) for that portion which does not extend beyond the most forward portion of the principal building on the lot;
 - (b) 1.0 m (3.3 ft) for that portion which extends beyond the most forward portion of the principal building on the lot;
 - (c) In the case of corner lots pursuant to Section 43, 1.0 m (3.3 ft) within the sight triangle of the site, regardless of whether or not a corner cutoff has been taken; and
 - (d) At the discretion of the Development Authority, a solid 2.0 m (6.6 ft) high fence may be permitted to provide noise attenuation and a visual barrier where a lot is proximate to a high traffic road or other nuisance.

- 48.4 Notwithstanding Section 48.3, a higher fence or a fence with barbed or other security features may be approved by the Development Authority for public safety, security, privacy or buffering purposes.
- 48.5 No barbed or razor wire fences shall be permitted in residential areas.
- 48.6 The electrification of any fences within the Town of Fox Creek shall not be permitted.
- 48.7 When a commercial or industrial lot abuts with or is adjacent to lanes that abut a lot in a residential district, a continuous screen of at least 2.0 m (6.6 ft) is required on the commercial or industrial lot along the lot lines shared with the residential lot or abutting lane.
- (a) The length and width of the screening shall be at the discretion of the Development Authority;
 - (b) Breaks may be provided in the screen to facilitate pedestrian connections between the sites at the discretion of the Development Authority; and
 - (c) If plantings are used for screening, they shall include a mix of deciduous and coniferous trees (with at least 60% coniferous trees) that are at least 2.0 m (6.6 ft) when planted and at least 6.0 m (19.7 ft) at maturity.
- 48.8 All outdoor storage of vehicles, equipment, or products shall be screened to the satisfaction of the Development Authority.

Section 49: Home Occupation

- 49.1 The total number of home occupations on a property shall be limited to two (2) minor home occupations or one (1) major home occupation.
- 49.2 A home occupation shall not be approved if, in the opinion of the Development Authority, the business is more appropriately located in a commercial or industrial district.
- 49.3 Any home occupation shall comply with the following general regulations:
- (a) A home occupation shall be operated as an accessory use only and shall not change the principal character and external appearance of the dwelling in which it is located.
 - (b) One non-illuminated fascia sign or nameplate to identify a home occupation not greater than 0.28 m² (3.0 ft²) in an area placed within or flat against the dwelling unit or any accessory building is permitted.
 - (c) A home occupation shall not have commercial vehicles parked and maintained on the site greater than 4,000 kg (8,800 lbs), loaded or unloaded.
 - (d) No noise, dust, vibration, smoke, odours, heat, glare, or other nuisances detectable beyond the property boundary shall be produced by the home

occupation. The home occupation shall not impact the privacy and enjoyment of neighbouring residences.

- (e) A home occupation shall not generate traffic that will have a significant impact on the traffic flow of the neighbourhood.
- (f) Goods may be held on a temporary basis for distribution to customers but no on-site display of goods is permitted.
- (g) A home occupation shall not operate without a business licence from the Town.
- (h) The Development Authority may regulate the hours of operation as a condition of the development permit.
- (i) The following uses may not be permitted as a home occupation:
 - (a) Adult entertainment facilities;
 - (b) Industry/manufacturing;
 - (c) Automobile, heavy equipment or recreational vehicle sales, rentals, services, storage or repairs; or
 - (d) Storage of hazardous, noxious or dangerous goods.

49.4 A minor home occupation shall meet all the requirements of Section 49.2 and shall comply with the following regulations:

- (a) The minor home occupation shall be operated by the permanent resident(s) of the principal dwelling and shall employ no non-resident, on-site employees.
- (b) There shall be no more than four (4) home business clients or customers on site during any period of 24 hours for a minor home occupation.
- (c) The minor home occupation shall not occupy more than 30% of the gross floor area of the principal dwelling, and shall not occupy any portion of an accessory building on the lot.
- (d) Any storage of materials or goods related to the minor home occupation must be located within the principal dwelling. No exterior storage is permitted.
- (e) The minor home occupation shall have no more than two (2) home business vehicles used in conjunction with the home business, parked and maintained on the site.

49.5 In addition to the requirements of Section 49.2, a major home occupation shall comply with the following regulations:

- (a) The major home occupation shall not occupy more than 30% of the gross floor area of the principal dwelling plus the area of one (1) accessory structure.

- (b) A major home occupation shall be operated by the permanent resident(s) of the principal dwelling, and may employ no more than four (4) non resident on-site employees.
 - (c) A major home occupation shall have no more than four (4) home business vehicles used in conjunction with the home business, parked and maintained on the site.
 - (d) Any storage of materials or goods related to the major home occupation must be located within the principal dwelling and/or accessory structure. No exterior storage is permitted.
- 49.6 A development permit is required for all home occupations, except in the case of home office uses that have the following characteristics:
- (a) The home occupation is minor;
 - (b) The use generates no client or customer pedestrian or vehicle traffic;
 - (c) No signage is present; and
 - (d) No parking of commercial vehicles is allowed on the property.
- 49.7 Development permits for major home occupations may be issued as a temporary permit for one (1) year, to be reissued annually, at the discretion of the Development Authority.
- 49.8 A development permit may be revoked with 60 days' notice if, in the opinion of the Development Authority, the operator of the home occupation has violated any provisions of this Bylaw or conditions of the development permit.

Section 50: Industrial Campgrounds

- 50.1 The Development Authority shall consider the design, siting, landscaping, utility servicing and screening of proposed industrial campgrounds to minimize any objectionable aspects or incompatibilities such as traffic, outdoor uses, increased noise, dust, odours, refuse, or any other factors which would interfere with or affect the use and enjoyment of adjacent land uses.
- 50.2 When considering the development of industrial campgrounds for recreational vehicles, the following shall be considered:
- (a) The minimum number of sites shall be eight (8) stalls per campground;
 - (b) Each site intended to accommodate a recreational vehicle shall be a minimum of 140.0 m² (1,507.0 ft²);
 - (c) Activity pads within the industrial campsite shall be a minimum of 140 m² (1,507.0 ft²);

- (d) Roadways within the industrial campground shall be no less than 8.0 m (26.2 ft) wide, except for one-way roads which shall be less than 5.0 (16.4) m wide;
- (e) All internal roadways shall be constructed to a design standard to meet the needs of recreational vehicles;
- (f) A reasonable and adequate pedestrian access system shall be provided within the industrial campground site;
- (g) Each site and periphery of the industrial campground shall be landscaped to provide amenity and privacy areas for each site, buffers from adjacent property uses and internal roadways, and on-site aesthetics;
- (h) Each site shall be serviced with water, sewer and electricity;
- (i) Each site shall have a gravel pad for parking of recreational vehicles, and accessory vehicle.
- (j) The minimum site width shall be 4.9 m (16.1 ft) wide and 13.7 m (45.0 ft) long;
- (k) Sites shall have access to one large bear proof garbage container with a minimum weekly garbage pickup.
- (l) The industrial campground shall have proper lighting and signage for safety and directions to the satisfaction of the Development Authority;
- (m) A fire hydrant shall be required for each industrial campground to the specifications and standards of the Town; and
- (n) Notwithstanding the aforementioned, the size of campground is determined by the capability of the site to support intensive camping activities.

Section 51: Landscaping

- 51.1 As a condition of a development permit, all landscaping and planting required must be carried out to the satisfaction of the Development Authority by the end of the first full growing season following building completion or occupancy, whichever occurs first.
- 51.2 As a condition of a development permit, security for landscaping costs may be required under Section 22.1(f).
- 51.3 Any portion of a site area not occupied by buildings or parking/storage areas shall be landscaped with hard or soft landscaping, to the following standard:
 - (a) Existing trees and shrubs shall be conserved to the maximum extent possible;
 - (b) A maximum of 50% of the front yard shall be hard landscaped; and

- (c) A sufficient depth of topsoil to facilitate growth in the soft landscaped areas, with areas not planted to trees and shrubs being seeded to grass, or sodded to a turf standard.
- 51.4 Residential lots with single detached or duplex dwellings shall have at least one (1) tree located in the front yard.
- 51.5 Multi-unit residential dwellings shall be landscaped as follows:
- (a) One (1) tree for each 35.0 m² (376.7 ft²) and one (1) shrub for each 15.0 m² (161.5 ft²) of required yard area;
 - (b) The number of trees may be reduced by 50% by replacing each tree with two (2) shrubs; and
 - (c) At least 25% of the required trees shall be within the front yard, and these trees shall not be replaced with shrubs.
- 51.6 Commercial and industrial developments shall be landscaped as follows:
- (a) One (1) tree for each 100.0 m² (1076.4 ft²) and one (1) shrub for each 15.0 m² (161.5 ft²) of required yard area;
 - (b) The number of trees may be reduced by 50% by replacing each tree with two (2) shrubs; and
 - (c) At least 25% of the required trees shall be within the front yard, and these trees shall not be replaced with shrubs.
- 51.7 Institutional developments shall be landscaped to requirements established at the discretion of the Development Authority.
- 51.8 Off-street parking lots for apartment, commercial, and industrial developments shall be landscaped as follows:
- (a) Trees shall be provided in the amount of at least one tree for every 175.0 m² (1,883.7 ft²) of parking lot area.
 - (b) The trees shall be of a type and size approved by the Development Authority.
 - (c) Trees required shall be located within the parking area in locations where visibility for the safe movement of persons and traffic is not impaired.

Section 52: Lighting

- 52.1 Appropriate lighting of commercial, industrial, multi-unit residential, and institutional developments shall be required to provide security and create a coordinated appearance and identity.
- 52.2 Lighting standards and fixtures shall be of consistent design and complement the architectural theme of the buildings located on the site.

- 52.3 Outdoor lighting shall be designed so that illumination:
- (a) Serves a useful purpose and is limited to what is necessary for that use;
 - (b) Ensures that all parking spaces, entrances and circulation routes are well-lit;
 - (c) Uses energy efficient fixtures and bulbs where possible;
 - (d) Is not directed at an adjacent site or skyward;
 - (e) Does not adversely affect adjacent sites; and
 - (f) Does not adversely affect traffic safety.
- 52.4 All lighting design, planning, and implementation shall be to the satisfaction of the Development Authority.
- 52.5 Flickering and flashing lights are prohibited, except for seasonal displays.

Section 53: Lot Grading and Drainage

- 53.1 The Development Authority may require, as a condition of a development permit, that a developer submit one or more of the following to the Town for approval:
- (a) A lot grading plan;
 - (b) A storm water management plan; and
 - (c) An erosion and sediment control plan.
- 53.2 Grading of a lot associated with an approved development shall conform to the lot grading plan approved by the Town.
- 53.3 All sites shall be graded to direct surface drainage to public parks, reserves, boulevards, ditches, or roads, in accordance with approved lot grading plans. Design grades shall be maintained and drainage courses not obstructed for drainage along property lines.
- 53.4 Site grading shall not allow drainage from a site to drain onto an adjacent site, except where it conforms to an approved lot grading plan with all appropriate easements registered.
- 53.5 If the approved lot drainage on a site is altered, that person shall be responsible for corrective drainage structures to divert water from neighbouring properties.
- 53.6 Any retaining wall over 1.0 m (3.3 ft) in height must be designed and inspected after construction by a professional engineer. The land owner shall provide to the municipality the design and inspection report, both bearing the seal and signature of a professional engineer.

Section 54: Objects Prohibited or Restricted in Yards

- 54.1 No person shall keep or permit in any yard in any district any object or chattel which, in the opinion of the Development Authority is unsafe, unsightly or adversely affects the amenities of the district. This includes dismantled or wrecked motor vehicles, and any excavation, stockpiling or storage of materials, explosives, flammable liquids, toxic chemicals, and diesel fuel and gasoline products.
- 54.2 The outdoor storage of materials, products, equipment or machinery shall not be permitted in the required front yard of commercial districts unless required as part of the sale, promotion or display of merchandise as determined by the Development Authority.
- 54.3 A recreational vehicle or utility trailer may be kept in a side or rear yard provided it meets the setback requirements for accessory buildings and structures in that district, unless the recreational vehicle or utility trailer is less than 2.0 m (6.6 ft) in height, then the required setback is zero.
- 54.4 No occupant of a principal dwelling in a residential district shall permit a recreational vehicle on the lot to be used for living or sleeping accommodation for longer than a 14-day period.
- 54.5 A motor vehicle shall not be parked in a front yard except on a driveway.

Section 55: Permitted Encroachments

- 55.1 Except as provided in this Section, no portion of a principal building may project over, or onto, a front yard setback, side yard setback, or rear yard setback.
- 55.2 At the discretion of the Development Authority, the following encroachments into required front, side and rear yard setbacks in land use districts may be permitted for canopies, balconies, eaves, box-outs, sunshades, uncovered decks, ramps, chimneys, gutters, sills, steps/stairs, and cantilevers:
 - (a) **front yard:**
 - (i) 2.0 m (6.6 ft) for balconies; and
 - (ii) 1.0 m (3.3 ft) for canopies, eaves, box-outs, sunshades, uncovered decks, ramps, chimneys, gutters, sills, steps/stairs, and cantilevers.
 - (b) **rear yards:**
 - (i) 2.0 m (6.6 ft) for balconies; and
 - (ii) 1.0 m (3.3 ft) for canopies, eaves, box-outs, sunshades, uncovered decks, ramps, chimneys, gutters, sills, steps/stairs, and cantilevers.
 - (c) **side yard (interior):**

- (i) 0.6 m (2.0 ft) for box-outs, eaves, gutters, steps/stairs, landings and window sills; and
 - (ii) Notwithstanding Section 55.2(c)(i) above, no encroachment on the side yard shall exceed the depth of the eaves.
- (d) **side yard (exterior):**
- (i) 1.0 m (3.3 ft) for balconies; and
 - (ii) 0.6 m (2.0 ft) for canopies, eaves, box-outs, sunshades, uncovered decks, ramps, chimneys, gutters, sills, steps/stairs, and cantilevers.
- 55.3 For zero lot line developments such as multi-unit residential dwellings, balconies and decks may be extended to the lot line or common wall, provided that the common wall is extended for separation/privacy.
- 55.4 No encroachment will be permitted if, in the opinion of the Development Authority, it may interfere with a loading space, parking area, driveway, or other vehicle or pedestrian circulation or access.
- 55.5 No encroachments will be permitted into the 2.7 m (8.9 ft) side yard required for vehicular access to the rear yard, unless a minimum vertical height of 3.0 m (9.8 ft) from finished grade to the lowest point of the projection encroachment is maintained.
- 55.6 The encroachment length limitations are as follows:
- (a) The individual encroachment maximum length shall not exceed 3.0 m (9.8 ft); and
 - (b) The sum of all encroachments maximum length shall not exceed one-third (1/3) of the length of the building wall (not including the garage walls). This does not apply to front or rear yards.

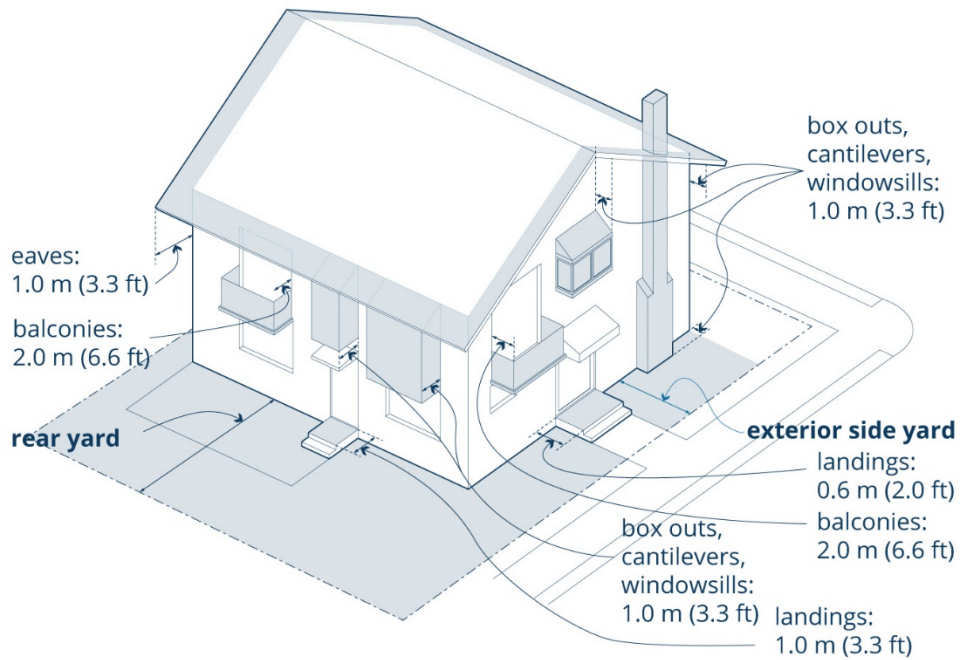

Figure 55.2. Permitted Encroachments - Rear / Exterior Side Yard Setbacks.

Section 56: Relocation or Demolition of Buildings

- 56.1 In the case of demolition of a building on a site, a development permit may be required at the discretion of the Development Authority where the demolition is likely to result in change of use or change in intensity of use on the site. The development permit may require the owner of the site to address reclamation of the site, removal or restriction of access, and other such issues deemed appropriate by the Development Authority.
- 56.2 Except as otherwise provided for in this Bylaw, no person shall relocate a building or structure, or portion thereof, onto a site without first obtaining a development permit for the moved-in building or structure. The relocated building or structure shall comply with the appropriate district regulations.
- 56.3 Excepting a new manufactured home, a modular home, or a portable accessory building or structure, a relocated building or structure shall be considered a discretionary use in all districts.
- 56.4 To assist in the assessment of the compatibility of a relocated building with surrounding development, development permit applications for that building shall include:
- (a) Recent colour photographs showing all sides of the building;
 - (b) A statement of the age, size and structural condition of the building; and
 - (c) A statement of any proposed improvements to the building, including a description of the colour, texture and/or finish applied to exterior surfaces, and a description of proposed landscaped areas.
- 56.5 Any renovations or improvements required to ensure that the relocated building or structure complies with this Bylaw shall be listed as conditions of the development permit, and such conditions shall be met within one year of the relocation.
- 56.6 Where a development permit has been granted for a relocated building, the Development Authority may require the applicant to provide a letter of credit or some other form of security to ensure:
- (a) The completion of any renovations or site improvements set out as a condition of approval of a development permit; and
 - (b) Any maintenance, repairs or improvements associated with the building relocation, or for repair of roads, sidewalks, boulevards that may be caused by the relocation.

Section 57: Satellite Dish and Amateur Radio Antennas

- 57.1 All satellite dish and amateur radio antennas shall be located on the same site as the intended signal user.

- 57.2 Satellite dish antennas less than 1.0 m (3.3 ft) in diameter that conform to all other provisions of the Land Use Bylaw do not require a development permit.
- 57.3 No satellite dish or amateur radio antenna which is accessory to the principal use of a site shall be located in, or encroach onto, a front or side yard in any residential district.
- 57.4 A satellite dish antenna larger than 1.0 m (3.3 ft) in diameter shall not be located on a roof top except for apartment dwellings and multi-storey buildings in non-residential districts.
- 57.5 Where any portion of a satellite dish or amateur radio antenna is more than 3.0 m (9.8 ft) above grade, it shall be landscaped to screen the base of the antenna and located to minimize negative visual impacts on adjacent properties to the satisfaction of the Development Authority.
- 57.6 Location and screening restrictions for satellite dish and amateur radio antennas may be waived where the applicant can demonstrate, to the satisfaction of the Development Authority that compliance would interfere with signal reception, or in commercial or industrial areas where visual impacts on adjacent properties are minimal.
- 57.7 An applicant for a development permit for an amateur radio antenna shall notify and provide comments of all landowners located within 75.0 m (246.1 ft) from the boundary of the property. The Development Authority shall ensure the applicant is given an opportunity to respond to comments and input that may form part of the basis for the approval of the development permit.
- 57.8 Satellite dish and amateur radio antennas shall conform to the site regulations respecting accessory buildings and uses as per Section 37 of this Bylaw.
- 57.9 The maximum height of a satellite dish or amateur radio antenna in residential districts shall be 19.0 m (62.3 ft).
- 57.10 No more than one freestanding satellite dish or amateur radio antenna or two roof top satellite dish or amateur radio antennas are permitted on a residential site.
- 57.11 Antennas shall not be illuminated unless required by Transport Canada regulations, and shall not exhibit or display any advertising except for the incidental display of the manufacturer's logo.

Section 58: Secondary Suites

- 58.1 No secondary suite shall be constructed or occupied without an approved development permit.
- 58.2 A principal building containing a detached dwelling with a secondary suite may not be converted into condominiums. Ownership of a property containing a secondary suite must be an undivided fee simple.

- 58.3 Secondary suites shall be restricted to single detached and duplex dwellings, and within accessory buildings on the same lot as single detached or duplex dwellings.
- 58.4 A maximum of one (1) secondary suite may be permitted per single detached or duplex dwelling.
- 58.5 Secondary suites shall maintain an appearance compatible with the surrounding neighbourhood. Where located within the primary building, a secondary suite shall be integrated into the design of the building, such that the building retains the appearance of a single detached or duplex dwelling.
- 58.6 A secondary suite shall not be located on the same lot as a bed and breakfast facility, boarding or rooming house, group care facility, or major home occupation.
- 58.7 A secondary suite shall comply with the *Safety Codes Act*, the Alberta Building Code and all other applicable municipal, provincial and federal regulations.
- 58.8 The gross floor area of a secondary suite shall be a minimum of 50.0 m² (538.2 ft²) and a maximum of 90.0 m² (968.8 ft²), but shall not exceed 40% of the total floor area of the principal building on the lot.
- 58.9 Parking shall be provided according to the provisions of Section 64: Number of Vehicle Parking Stalls Required.
- 58.10 A secondary suite shall have full utility services through service connections from the principal residence.
- 58.11 Where located within the same building as the primary dwelling unit, a secondary suite shall comply with the following provisions:
- (a) The secondary suite shall have an entrance separate from the entrance to the primary dwelling unit, either from a common indoor landing or directly from the exterior of the structure, and may be connected by an interior door directly connecting the primary dwelling unit to the secondary suite.
 - (b) Exterior access to the secondary suite shall be subordinate in both size and appearance to the access of the primary dwelling unit.
- 58.12 Where located within an accessory building, a secondary suite shall comply with the following provisions:
- (a) Except where otherwise regulated in this Section, accessory buildings containing secondary suites shall comply with the regulations of Section 37: Accessory Buildings and Structures;
 - (b) Suite access and fenestration shall be sized and oriented to minimize visibility into adjacent properties, and/or screened to mitigate such visibility, to the satisfaction of the Development Authority; and
 - (c) Notwithstanding Section 37.2(d), accessory buildings containing secondary suites shall be set back a minimum of 1.2 m (3.9 ft) from the side and rear lot

lines, and shall be separated from any other structure on the site by a minimum of 2.0 m (6.6 ft).

- 58.13 The number of unrelated persons occupying a secondary suite shall not exceed two adults unless such persons constitute a family, as defined as one or more persons who through marriage, blood relationship, adoption or other circumstance, normally live together on a bona fide domestic basis.

Section 59: Solar Collectors

- 59.1 A solar collector may only be located on the wall or roof of a building.
- 59.2 A solar collector mounted on a roof with a pitch of less than 4:12 may project:
- (a) A maximum of 0.5 m (1.6 ft) from the surface of a roof, when the solar collector is located 5.0 m (16.4 ft) or less from a side property line, measured directly south from any point along the side property line; and
 - (b) In all other cases, a maximum of 1.3 m (4.3 ft) from the surface of a roof.
- 59.3 A solar collector mounted on a roof with a pitch of 4:12 or greater, may project a maximum of 1.3 m (4.3 ft) from the surface of a roof.
- 59.4 A solar collector mounted on a roof must not extend beyond the outermost edge of the roof.
- 59.5 A solar collector that is mounted on a wall:
- (a) Must be located a minimum of 2.0 m (6.6 ft) above grade; and,
 - (b) May project a maximum of:
 - (i) 1.5 m (4.9 ft) from the surface of that wall, when the wall is facing a rear property line; and,
 - (ii) In all other cases, 0.6 m (2.0 ft) from the surface of that wall.

PART EIGHT: PARKING AND LOADING FACILITIES

Section 60: General Regulations

- 60.1 If parking and/or loading spaces are required as a condition of a development permit, the owner of the building shall provide the required parking and loading spaces at or before the time of occupancy of the building.
- 60.2 All off-street parking facilities shall be so constructed that:
- (a) Necessary curb cuts shall be located and flared to the satisfaction of the Development Authority;
 - (b) Parking areas are designed and located to minimize disruption to the continuity of the pedestrian system and adjacent public roadways;
 - (c) Every off-street parking stall provided, and the access thereto shall be hard surfaced if the access is from a street or lane which is hard surfaced;
 - (d) Parking facilities used at night shall have adequate lighting for the entire parking facility, with such lighting directed away from adjacent or other properties;
 - (e) Off-street parking facilities shall be separated from streets by a landscaped area of at least 1.0 m (3.3 ft) in width;
 - (f) Grades and drainage shall dispose of surface water. In no case shall grades be established that would permit surface drainage to cross any sidewalk or site boundary without the approval of the Development Authority;
 - (g) Handicapped parking spaces shall be provided in accordance with the Alberta Building Code.
 - (i) Such handicapped stalls shall be considered as part of the total required parking defined in Section 64.
 - (ii) Handicapped stalls shall have a minimum width of 4.0 m (13.1 ft), be clearly designated as handicapped stalls, and be located close to building entrances.
 - (iii) Additional handicapped stalls may be required if in the opinion of the Development Authority the development would require additional access.
- 60.3 As a condition of a development permit, security for lot surfacing costs may be required under Section 22.1(f).
- 60.4 The Development Authority may refuse to grant a development permit to an applicant not fully complying with parking requirements.

Section 61: Location – Residential Uses

- 61.1 All parking stalls and loading spaces required by this Bylaw shall be located on the same site as the use requiring them, subject to setback and yard requirements.
- 61.2 For single detached and duplex dwellings, the required parking stalls shall be surfaced with asphalt, concrete or a similar material within one year of occupancy of the development, and shall be accessible from a public road.
- 61.3 Parking areas required for multi-unit residential dwellings shall be paved prior to occupancy.
- 61.4 If seasonal conditions prohibit the completion of lot surfacing according to Sections 63.2 or 63.3, areas that are not completed shall be compacted and maintained to allow access by emergency vehicles and all surfacing shall be completed prior to July 1st of the following year.
- 61.5 Vehicles in a residential district shall not be permitted to be parked in the front, rear or side yards unless they are located on a driveway, unless otherwise approved by the Development Authority.

Section 62: Location – Non-Residential Uses

- 62.1 The location of on-site parking on a school site shall be to the satisfaction of the Development Authority.
- 62.2 Unless otherwise stated in this Bylaw, parking areas required for non-residential uses shall be hard surfaced prior to occupancy.
- 62.3 Parking spaces shall not be located in the front yard of a site or between the front of a building and the boundary of the street on which the building faces unless otherwise approved by the Development Authority.

Section 63: Parking Requirements

- 63.1 All parking spaces, loading spaces, manoeuvring aisles and driveways shall be surfaced, demarcated, and maintained to the satisfaction of the Development Authority.
- 63.2 A parking lot shall be designed, located and constructed so that it:
 - (a) Is accessible to and appropriate for types of motor vehicles using it and the frequency of use;
 - (b) Is appropriately surfaced and drained as required by the Development Authority; and
 - (c) Does not interfere with pedestrian or traffic safety.

63.3 Size of Parking Stalls and Drive Aisles:

- (a) Parking angles may range from 90 degrees to 45 degrees;
- (b) Unless otherwise allowed by the Development Authority, the minimum dimensions for the design of parking facilities shall be as set out in Table 63.1;
- (c) Parking dimensions for parking angles between 90 degrees and 45 degrees shall be calculated using a straight-line interpolation between dimensions;
- (d) For parallel parking, the length of the parking spaces shall be 7.0 m (23.0 ft), except that an end space with an open end shall be a minimum of 5.5 m (18.0 ft);
- (e) Manoeuvring aisles and driveways serving as fire lanes shall be at least 6.1 m (20.0 ft) wide;
- (f) Parking stalls shall be clear of all obstructions, other than wheel stops; and
- (g) The maximum grade of a parking stall shall not exceed 4% in any direction.

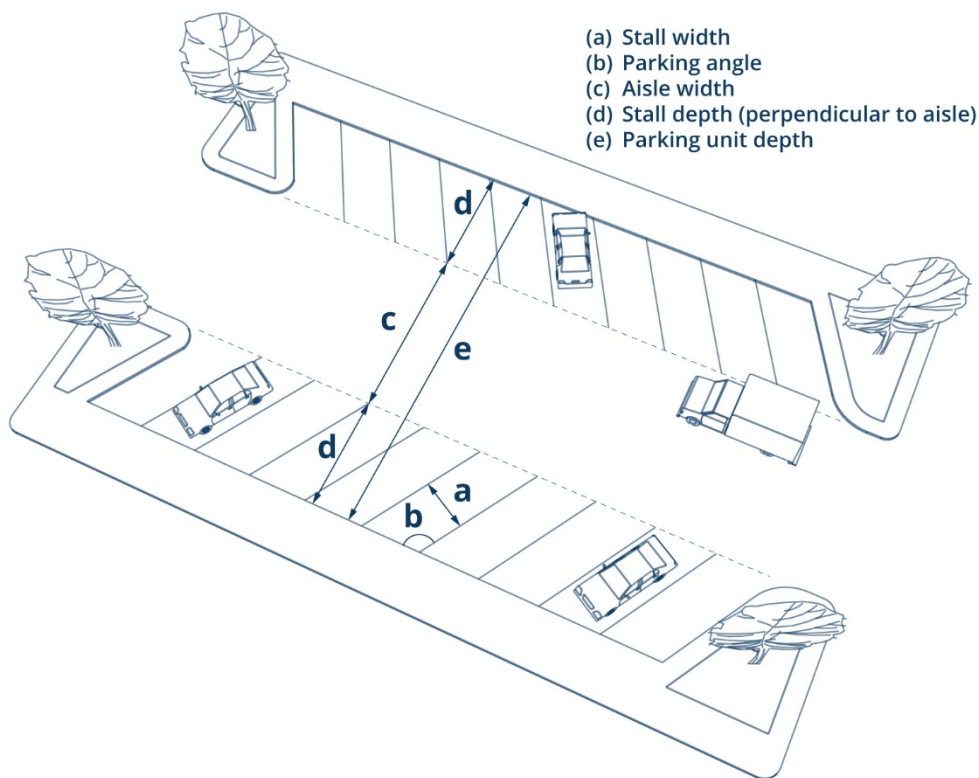

Figure 63.1. *Illustration of Parking Standard Dimensions.*

63.4 The portion or portions of a parking lot used for parking must:

- (a) Be marked off or physically divided to delineate clearly each parking stall, loading space or drive aisle; and
 - (b) Have suitable barriers to prevent motor vehicles from encroaching onto landscaped areas and to protect fences, walls or buildings.
- 63.5 Wheel stops shall not exceed 0.1 m (0.3 ft) in height above the parking stall surface and shall be placed perpendicular to the parking stall depth, 0.6 m (2.0 ft) from the front of the parking stall.

Table 63.1. *Parking Stall Design Standards*

STALL WIDTH	PARKING ANGLE IN DEGREES	AISLE WIDTH	STALL DEPTH PERPENDICULAR TO AISLE	PARKING UNIT DEPTH
(a)	(b)	(c)	(d)	(e)
7.0 m (23.0 ft)	0	3.4 m (11.2 ft)	3.0 m (9.8 ft)	9.4 m (30.8 ft)
3.0 m (9.8 ft)	45	3.7 m (12.1 ft)	6.0 m (19.7 ft)	15.7 m (51.5 ft)
3.0 m (9.8 ft)	60	5.2 m (17.1 ft)	6.4 m (21.0 ft)	18.0 m (59.1 ft)
3.0 m (9.8 ft)	90	6.7 m (22.0 ft)	5.8 m (19.0 ft)	18.3 m (60.0 ft)

Section 64: Number of Vehicle Parking Stalls Required

- 64.1 The minimum number of off-street parking stalls required for each use of a building or development is specified in Table 64.1.
- 64.2 Where a building is enlarged, or altered, or a change in the use occurs in such a manner as to cause a more intensive use of that building, provisions shall be made for the additional parking spaces required under the Bylaw.
- (a) The Development Authority may vary the amount of required on-site parking if a change in use is proposed and where there is insufficient land area on the lot for any required additional parking.
- 64.3 Calculations for the minimum number of off-street parking stalls required for a development showing in Table 64.1 shall consider the following:
- (a) GFA is defined as the gross floor area of the building;
 - (b) Units are the number of individual dwelling units in a dwelling;
 - (c) occupancy values, such as hospital beds or chairs in an assembly space or restaurant, are based on the information provided in the development permit

application, which shall comply with the Alberta Building Code and the Alberta Fire Code;

- (d) Where a number of parking stalls is required for each employee, the requirement refers to the maximum number of employees on site during peak working hours;
- (e) Uses within a shopping centre shall not be calculated on a separate basis, but rather in accordance with the provisions of Table 64.1; and
- (f) Developments containing outdoor uses shall be calculated to include those outdoor uses.

64.4 Where the calculation of the required number of parking stalls or loading spaces results in a fraction number of parking spaces, the next higher number shall be taken.

64.5 Where a development falls within two or more of the categories listed in this Section, it shall comply with parking regulations as follows:

- (a) Where distinct components of a development have different uses, such as with a mixed use development, parking requirements will be based on the total area in each use.
- (b) Where a development or part of a development can be defined under multiple categories in Table 64.1, the highest requirement shall be used.
- (c) Provisions for shared parking for uses on the same parcel are outlined in Section 67.

64.6 Parking stall requirements for uses other than those set out in this Section shall be determined by the Development Authority, having regard to similar uses for which specific parking stall requirements are set.

64.7 Visitor or guest parking stalls shall be clearly visible from the entrance to the development or identified using wayfinding signage visible from the entrance, and should be clearly marked as visitor or guest parking.

USE	REQUIRED PARKING
Adult Entertainment Facility	10 stalls/100 m ² GFA or 1 stall/4 seating spaces, at the discretion of the Development Authority

USE	REQUIRED PARKING
Assembly areas (including Community Hall; Religious Assembly)	10.0 stalls/100 m ² GFA or 1 stall/4 seating spaces, at the discretion of the Development Authority
Automobile Service Station	2.0 stalls/100 m ² GFA
Bunkhouse	1.0 stall/room
Campground (all)	1.1 stalls/campsite (10% as visitor parking, minimum 1 stall)
Caterer	2.5 stalls/100 m ² GFA
Cemetery	At the discretion of the Development Authority
Clinic	4.0 stalls/100 m ² GFA
Contracting Services (all)	2.5 stalls/100 m ² GFA
Convenience Food Store	4.0 stalls/100 m ² GFA
Crematorium	At the discretion of the Development Authority
Day Care Facility	1.0 stall/5 children plus 1 stall/staff
Depot (all)	1.0 stall/vehicle stored plus parking as required for other uses (e.g., office, retail)
Drinking Establishment	1.0 stall/4 seats (minimum 3 stalls)
Dry Cleaning and Laundry Facility	2.0 stalls/100 m ² GFA
Dwelling/Residential Units	
Dwelling, Apartment	1.0 stall/unit (bachelor/1 bedroom units) plus 1.5 stalls/unit (2 bedroom units) plus 2.0 stalls/unit (3+ bedroom units) plus 0.15 stalls/du as visitor parking
Manufactured Home Community	2.0 stalls/unit plus 0.15 stalls/du as visitor parking

USE	REQUIRED PARKING
Bed and Breakfast Facility; Boarding or Rooming House	1.0 stall/guest room plus 1 stall/non-resident on-site employee
Caretaker's Residence; Secondary Suite; Security Suite	1.0 stall/bedroom to a maximum of 2 stalls
Senior Citizen Housing	2.0 stalls/3 units
Other Dwelling types	2.0 stalls/unit
Entertainment Facility	5.0 stalls/alley (bowling alley) 8.0 stalls/sheet of ice, plus 10 stalls/100 m ² GFA or 1.0/4 seating spaces in seating area (curling rink) 10 stalls/100 m ² GFA (all others)
Funeral Home	At the discretion of the Development Authority
Gaming or Gambling Establishment	30.0 stalls/100 m ² GFA
Gas Bar	3.0 stalls/fuel pump plus 2.7 stalls/100 m ² for all other uses
Golf Course	5.0 stalls/course hole plus parking for accessory uses
Government Service	4.0 stalls/100 m ² GFA (post office) At the discretion of the Development Authority (all others)
Group Care Facility	0.2 stalls/bed plus 0.8 stall/staff
Home Occupation, Major	1.0 stall/non-resident on-site employee (in addition to required parking for residential use)
Hospital	2.0 stalls/3 beds plus 1.0 stall/staff
Hotel	1.0 stall/room plus 1.0 stall/3 staff

USE	REQUIRED PARKING
Industry/Manufacturing (all types, including Asphalt Plant; Concrete Manufacturing Plant; Crushing Plant; Petroleum Facility; Propane Transfer Facility; Recycling Depot; and Salvage Yard)	1.4 stalls/100 m ² GFA or 1 stall/staff, plus visitor parking as determined by the Development Authority
Library	2.5 stalls/100 m ² GFA (not including assembly areas)
Museum	2.5 stalls/100 m ² GFA (not including assembly areas)
Office (including Bank/Financial Institution and ancillary office space in other uses at the discretion of the Development Authority)	2.5 stalls/100 m ² GFA
Park	At the discretion of the Development Authority
Personal Service Shop (including Laundromat)	2.5 stalls/100 m ² GFA
Protective and Emergency Services	At the discretion of the Development Authority

Retail Store, Liquor	4.0 stalls/100 m ² GFA

USE	REQUIRED PARKING
Sales, Service, Storage, Rentals, and Repair (includes Automobile Repair Garage; Automotive/Recreational Vehicle Sales and Rental; Heavy Equipment Sales, Service, Storage, and Rentals; Light Equipment Sales, Service, and Rentals)	2.0 stalls/100 m ² GFA
School	
School, Public/Separate	1.15 stalls/staff or 10 stalls/100 m ² of gymnasium floor area, at the discretion of the Development Authority (elementary/junior high schools) 0.5 stalls/student plus 1.0 stall/staff or 10 stalls/100 m ² of gymnasium floor area, at the discretion of the Development Authority (high schools)
School, Trade/Commercial	0.8 stalls/student plus 1.0 stall/staff
Shopping Centre	4.5 stalls/100 m ² GFA
Social Care Facility	0.2 stalls/bed plus 0.8 stall/staff
Storage (all)	1.1 stalls/100 m ² GFA up to 2,000 m ² and 0.2 stalls/100 m ² GFA thereafter (indoor) 5.0 stalls/ha of outdoor storage area (outdoor)
Supermarket	4.0 stalls/100 m ²
Theatre (all)	10.0 stalls/100 m ² GFA or 1 stall/4 seating spaces, at the discretion of the Development Authority
Veterinary Clinic	4.0 stalls/100 m ² GFA
Warehouse Store	4.5 stalls/100 m ² GFA
Washing Facility (all)	2.0 stalls/100 m ² GFA

Section 65: On-Site Loading Requirements

- 65.1 The required number of on-site loading spaces is provided in Table 65.1.
- (a) Where a development falls within two or more of the uses listed in this Section, the required number of spaces shall be the sum of the requirements for each of the uses.
 - (b) Notwithstanding Section 65.8, uses within a shopping centre shall not be calculated on a separate basis, but rather at the discretion of the Development Authority.
- 65.2 A loading space shall be designed and located so that all vehicles using that space can be parked and manoeuvred entirely within the bounds of the site without backing to or from adjacent streets.
- 65.3 A loading space situated within a setback distance from a street or lane shall not be counted for the purposes of this Section.
- 65.4 Loading spaces shall be located to the side or rear of a building, and shall be screened in accordance with the provisions of Section 48.
- 65.5 A loading space shall have:
- (a) a minimum width of 3.0 m (9.8 ft),
 - (b) a minimum depth of 9.1 m (29.9 ft), and
 - (c) a minimum overhead clearance of 4.3 m (14.1 ft).
- 65.6 Minimum loading space dimensions may be changed at the discretion of the Development Authority to consider the types of vehicles that are likely to use the loading space.
- 65.7 For multi-unit residential dwellings with more than twenty (20) units, adequate loading space shall be provided to the satisfaction of the Development Authority.
- 65.8 Loading space requirements for uses other than those set out in this Section shall be determined by the Development Authority, having regard to similar uses in Table 65.1.

Industry/Manufacturing	1 space/2000 m ² GFA
Institutional use or Public Use	1 space
Office	1 space
Recreation Facility	1 space
Restaurant	1 space
Retail	1 space
Warehouse	1 space/2000 m ² GFA

Section 66: Multi-use or Mixed Use Developments

- 66.1 Developments containing or providing for more than one use shall provide parking stalls and loading spaces equal to the sum of the requirements of individual uses, as per Section 64.4(a).
- (a) Parking requirements may be reduced at the discretion of the Development Authority if there is a complementary or overlapping use of the parking facilities on a site which would warrant a reduction in the parking requirements.
 - (b) Shared parking for multi-use or mixed use developments may be allowed at the discretion of the Development Authority according to Section 67.2.
- 66.2 Parking stalls and loading spaces within a shopping centre shall not be calculated on a separate basis for individual buildings, but instead shall be calculated according to the Shopping Centre category in Table 64.1.

Section 67: Remote Parking, Shared Parking, and Parking-in-Lieu

- 67.1 At the discretion of the Development Authority, some or all required parking spaces for a non-residential development may be provided on a remote site.
- (a) The remote site must be located within 100.0 m (328.1 ft) from the site of the development served by the parking along public walkways.
 - (b) The remote site shall be located in a district that allows parking lot or structures.

- (c) If the applicant is the owner of the remote site, the owner shall covenant that the remote site shall be used for parking as long as required under this Bylaw.
 - (d) If the applicant does not own the remote site, it shall be secured through a lease to the applicant, acceptable to the Development Authority, for a minimum of ten years. The applicant must register the lease by caveat.
 - (e) Remote parking on the remote site shall be developed at the same time and to the same standards, setbacks and yard requirements as on-site parking.
 - (f) The applicant shall give priority for any on-site parking to visitor use and provide staff parking on the remote site.
- 67.2 The Development Authority may allow two (2) or more developments to share parking spaces. Permission to share parking spaces may only be granted by the Development Authority in the following circumstances:
- (a) Up to 50% of the required parking may be combined or shared parking, at the discretion of the Development Authority;
 - (b) The developments are in close proximity to each other and within 100.0 m (328.1 ft) of the site on which the parking spaces are located;
 - (c) The demand for parking spaces for each development is not likely to occur at the same time;
 - (d) The Development Authority is satisfied that the arrangement between the owners of the developments for the sharing of parking spaces is to be permanent; and
 - (e) A development agreement acceptable to the Development Authority is provided.
- 67.3 In lieu of providing off-street parking to meet requirements, an applicant for a development permit may instead pay the Town to provide the equivalent parking area as shared parking, at the discretion of the Development Authority.
- (a) The payment required shall be based on the amount required to construct the parking stalls on land owned or proposed to be purchased by the Town.
 - (b) Revenue so received by the Town shall be used only for the development or improvement of municipal, off-street parking facilities to benefit the development.

Section 68: Access to Sites

- 68.1 All access locations and curb crossings shall be designed and constructed in accordance with Town engineering and transportation standards, and require the approval of the Development Authority.

- 68.2 All sites shall be designed so that backing manoeuvres necessary to access a parking stall, a loading door, a drive-through or any other area where vehicles operate, take place wholly on the site. Exceptions are single detached dwellings and individual parking stalls accessing a lane.
- 68.3 Sites shall be designed to allow appropriate access for emergency service vehicles to all buildings and emergency service infrastructure on site.
- 68.4 Driveways shall be hard surfaced if access is from a street which is hard surfaced.
- 68.5 New developments shall have a single access point, unless otherwise permitted by the Development Authority.
- 68.6 For vehicle-oriented uses in which patrons generally remain in their vehicles, queuing space shall be provided as follows:
- (a) For drive-through food services, and other development having a service window, a minimum of four (4) inbound queuing spaces shall be provided for each service window;
 - (b) For drive-through vehicle services, a minimum of one (1) inbound queuing spaces shall be provided for each service bay;
 - (c) A minimum of one (1) outbound queuing space shall be provided prior to exiting into any public roadway;
 - (d) Each queuing space shall be a minimum of 6.5 m (21.3 ft) long and 3.0 m (9.8 ft) wide; and
 - (e) Queuing lanes shall provide sufficient space for turning and maneuvering.

PART NINE: SIGNS

Section 69: General Regulations

- 69.1 The Development Authority may by notice in writing:
- (a) Direct the owner to correct the condition of any sign or remove any sign within thirty (30) days of receipt of the notice where, in the opinion of the Development Authority, that condition or sign constitutes a violation of this Bylaw or any permit hereunder, has become unsightly or is unsafe;
 - (b) Order the owner to stop work on a sign if it is proceeding in contravention of this Bylaw;
 - (c) Order the owner to stop work on a sign if a permit has not been issued.
- 69.2 Signs shall not conflict with the general character of the surrounding neighbourhood.
- 69.3 Signs shall not interfere with the safe movement of pedestrian or vehicular traffic.
- 69.4 No sign shall be attached to a tree or any other vegetation.
- 69.5 The Development Authority shall be satisfied that the copy area of a sign:
- (a) Does not physically obstruct the sightlines or view of a traffic control device or traffic control signal for oncoming traffic;
 - (b) Is not located in the field of view near or past the traffic control device or traffic control signal in the sightlines of oncoming traffic;
 - (c) Is not located in the field of view near or past other traffic conflict points such as intersections, merge point, exit ramps, or curved roadways; and
 - (d) Does not have illumination that competes with or dulls the contrast of the traffic control device or traffic control signal for oncoming vehicle traffic.
- 69.6 Unless otherwise allowed under this Bylaw, no sign shall project or encroach over any lot line.
- 69.7 The Development Authority shall only allow revolving signs in a commercial or industrial district where the location, size, design, and character of the sign respect the scale and character of the surrounding area.
- 69.8 In the case of permanent single-sided signs where the rear of the sign is visible, the blank side shall be finished or enclosed so that all wiring and/or internal bracing is hidden from view.
- 69.9 Electrical power supply to signs located at grade shall be underground except where the applicant demonstrates to the satisfaction of the Development Authority an underground power supply is not feasible and an above ground power supply will

not create a safety hazard to traffic or pedestrians or detract from the appearance of the area.

- 69.10 Photovoltaic cells, solar panels, or solar collectors and ancillary equipment may be part of the sign structure in order to provide electrical power solely to the sign. Photovoltaic cells, solar panels, or solar collectors and ancillary equipment may extend above the maximum sign height provided it is demonstrated that the additional height is required to achieve sufficient solar exposure to provide electrical power to the sign.
- 69.11 Third-party advertising is only permitted on billboards and event signs.
- 69.12 Signs containing third-party advertising are not permitted in any residential district.
- 69.13 If in the opinion of the Development Authority, the illumination of a sign is likely to have a detrimental effect on any residential dwelling, the Development Authority may require that the intensity of the illumination of the sign be limited, or that the hours that the sign is illuminated be limited, or both.
- 69.14 A sign owner must ensure that its signs remain in a proper state of repair and do not become unsafe or unsightly. Where a sign has been defaced, damaged or destroyed the sign owner must:
- (a) Immediately repair the sign to its original condition;
 - (b) Replace it with a new sign that complies with any applicable development permit or the rules of this Bylaw where a development permit is not required; or
 - (c) Remove the sign.
- 69.15 Where a sign is no longer related to a business, event, or product located on the same parcel as the sign, the sign must be removed by the sign owner or the owner of the parcel on which the sign is located.

Section 70: Development Permit Requirements

- 70.1 Unless exempted by Section 71, no person shall place, replace, erect or use any sign without first obtaining a development permit.
- 70.2 If active work is not commenced within 12 months from the date of its issuance, the development permit for a sign shall expire and become invalid, unless the Development Authority approves an extension of time which must be requested by the owner in writing.
- 70.3 Provided the sign is erected within 12 months of issuance of the permit, the permit shall continue in force from year to year.
- 70.4 An application for a development permit shall include the following:
- (a) The name and address of:

- (i) the sign company responsible for the sign; and
 - (ii) the owner of the sign; and
 - (iii) the registered owner of the land or premises upon which the sign is to be erected.
- (b) Written consent of the registered owner of the land or premises upon which the sign is to be erected;
- (c) A site plan showing:
- (i) the proposed sign location;
 - (ii) property lines and setback requirements;
 - (iii) distances to adjacent buildings and signs; and
 - (iv) distances to the nearest intersection and any sidewalks and curbs.
- (d) A plan showing the following construction details:
- (i) the overall dimensions of the sign and the total sign area;
 - (ii) design details and material specifications;
 - (iii) manner of all sign illumination;
 - (iv) method of supporting or attaching the sign;
 - (v) the amount of projection from the face of the building, where applicable;
 - (vi) the amount of projection over Town property, where applicable;
 - (vii) the height of the top and the bottom of sign above the average ground level at the face of the building or sign; and
 - (viii) the distance to aerial power lines from freestanding signs.
- (e) A fee as established by Council resolution.

70.5 Whenever the conditions of installation require unusual structural provisions, the Development Authority may require a structural drawing prepared by a professional engineer to ensure the safety of the sign design and placement.

70.6 Provided the sign complies with the regulations in this Bylaw and any other applicable municipal, provincial or federal regulations, the permit shall continue in force indefinitely.

Section 71: Signs Not Requiring a Development Permit

71.1 Except as stated in Section 71.2, a sign shall not be erected or exhibited unless a development permit has been granted.

- 71.2 Normal maintenance of a sign in accordance with an existing permit does not require a new development permit.
- 71.3 The following signs shall not require a development permit but must comply with the regulations of the Land Use Bylaw:
- (a) Signs, notices, placards or bulletins required or permitted to be displayed:
 - (i) under the provision of federal, provincial or municipal legislation;
 - (ii) by or on behalf of the federal, provincial or municipal government; or
 - (iii) on behalf of a department, a commission, a board, a committee or an official of the federal, provincial or municipal government;
 - (b) Street numbers or letters displayed on a premises where together the total copy area is less than 1.2 m² (13.0 ft²);
 - (c) Signs posted as a requirement of an application for subdivision, land use amendment, or development permit, provided such signs are removed once the application has been resolved;
 - (d) One non-illuminated sign with a total copy area not exceeding 0.6 m² (6.0 ft²) for each major home occupation or bed and breakfast facility;
 - (e) One non-illuminated fascia sign or nameplate to identify a minor home occupation not greater than 0.28 m² (3.0 ft²) in an area placed within or flat against the dwelling unit or any accessory building.
 - (f) A fascia sign which is attached to a residential dwelling unit or its accessory buildings and states no more than the name of the building or the name of the persons occupying the building or both, provided that the total sign area does not exceed 0.3 m² (3.2 ft²), and which may be illuminated but shall not flash;
 - (g) A fascia sign or a canopy sign with a total sign area that does not exceed 1.5 m² (16.2 ft²), may be illuminated but shall not flash, and which is attached to a building other than a residential dwelling unit and states no more than:
 - (i) the name or address of the building;
 - (ii) the name of the person or institution occupying the building; and
 - (iii) the activities carried on in the building including hours of operations and rates charges.
 - (h) A real estate property management sign provided that the total sign area does not exceed 1.0 m² (10.8 ft²) in residential districts;
 - (i) A real estate or property management sign provided that the total sign area does not exceed 6.0 m² (64.8 ft²) in any other district.
 - (j) Signs placed on a premises for the guidance, warning or restraint of persons provided that the total sign area does not exceed 0.2 m² (2 ft²);

- (k) Candidates' election signs provided they conform to the following requirements:
 - (i) the consent of the property owner or occupant is obtained, or in the case of municipal property, the consent of the Development Authority;
 - (ii) the signs do not obstruct traffic sight lines;
 - (iii) the signs are displayed only between September 1 of an election year and 48 hours after the close of the voting stations on Election Day, in the case of an election under the *Local Authorities Election Act*;
 - (iv) the signs are displayed only between the date the election is officially called and 48 hours after the close of the voting stations on Election Day, in the case of elections for Federal and Provincial public office; and
 - (v) the signs indicate the name and address of the sponsor and the person responsible for removal.
- (l) Traffic and directional signs authorized by the Town or provincial authorities with an area less than 1.4 m² (15.1 ft²);
- (m) Temporary signs with an area less than 3.0 m² (32.4 ft²) intended to advertise any local event being held for charitable purposes, which may be religious, educational, cultural, political, social or recreational, but not for commercial purposes;
- (n) Signs posted or exhibited in a non-residential building, including inside a window;
- (o) Temporary special event signage with an area less than 3.0 m² (32.4 ft²) for initiatives or a special promotion by an individual business or organization, to a maximum of seven (7) days for no more than three (3) times per year.
- (p) Construction signs provided they conform to the following requirements:
 - (i) there shall not be more than a total of four (4) construction signs per site, and:
 - (1) in residential subdivisions, the total area of all four construction signs shall not exceed 6.4 m² (69.1 ft²); and
 - (2) in commercial and industrial subdivisions, the total area of all four construction signs shall not exceed 25 m² (270 ft²).
 - (ii) no individual construction sign in a residential area may exceed 3.0 m² (32.4 ft²) in area;
 - (iii) all construction signs must be located on private property;
 - (iv) construction signs shall be professionally designed and maintained to the satisfaction of the Development Authority;

- (v) construction signs may be erected within a period starting not earlier than six (6) months before the date of intended construction and ending three (3) months following the completion of construction, but in no case shall a construction sign be erected for a maximum total time period of eighteen (18) months;
- (q) Signs displayed inside a window;
- (r) Any sign located inside a building and not intended to be viewed from outside;
- (s) A-board signs, provided they comply with the regulations of Section 73: A-Board Signs;
- (t) Replacement of copy on a sign for which a development permit has been issued;
- (u) The changing of copy on a changeable copy sign or electronic message display;
- (v) A maximum of two (2) menu boards per drive lane at Drive-Through Restaurants, provided that:
 - (i) The side indicating the menu faces the parking area;
 - (ii) The non-advertising side of the menu board is enclosed and does not contain any advertising;
 - (iii) The menu board shall not exceed 4.6 m² (49.5 ft²) in area; and
 - (iv) The sign does not interfere with traffic or pedestrian safety.
- (w) Flags.

Section 72: Variances

- 72.1 Where a type of sign is permitted, but does not comply with all of the applicable rules of this Schedule, the Development Authority may grant a variance of the size, dimension, area, or distance separation for a sign in accordance with the following criteria:
- (a) Test for a variance as referenced in Section 23.1 of this Bylaw;
 - (b) Rules relating to opportunities for signage;
 - (c) Character of the area where the sign is proposed to be located;
 - (d) Amount of signage in the nearby surroundings; and
 - (e) The extent to which the sign does not comply with the rule proposed to be varied.
- 72.2 The notification requirements contained in Section 24 of this Bylaw shall apply to any variance exceeding 10%.

Section 73: A-Board Signs

73.1 A-Board Signs shall:

- (a) Be of a painted finish, be neat and clean, and be maintained in such condition; and
- (b) Be of a size not exceeding 0.6 m (2.0 ft) wide by 0.9 m (3.0 ft) high and not less than 0.3 m (1.0 ft) wide by 0.6 m (2.0 ft) high.

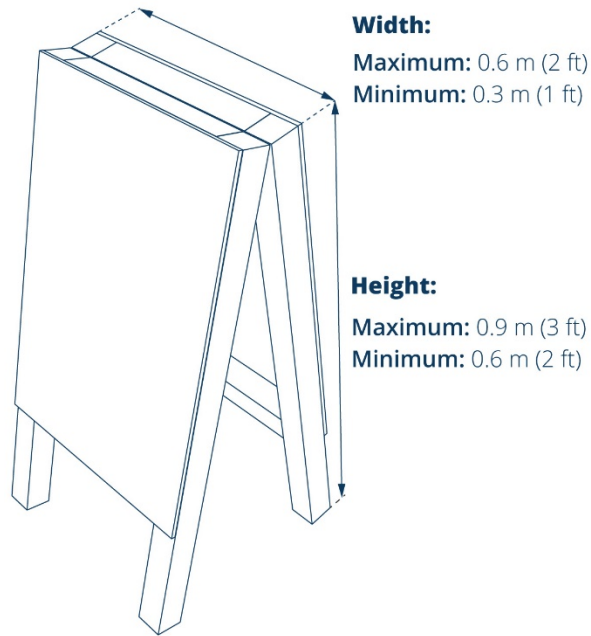

Figure 73.1. A-Board Signs.

Section 74: Awning and Canopy Signs

- 74.1 Awning and canopy signs shall not project from the building to a point greater than where a perpendicular line from the front edge of the awning will intersect the sidewalk 0.6 m (2.0 ft) from the face of curb.
- 74.2 Canopy signs may be attached to the sides and front of the canopy, and such signs may extend the entire length and width of the canopy.
- 74.3 Under canopy signs may be hung from the canopy provided such signs:
- (a) do not extend beyond the sides or the front of such canopy; and
 - (b) do not exceed a vertical dimension of 1.5 m (4.9 ft).
- 74.4 No person shall erect an awning sign, a canopy sign or an under canopy sign unless such sign:

- (a) is securely hung and anchored to the building to which it is attached and the structure to which it is attached is capable of resisting all stresses resulting from dead weight, snow and wind loads;
- (b) is at clearance of not less than 2.8 m (9.2 ft) from the average ground level at the face of the building; and
- (c) does not project more than 3.0 m (9.8 ft) from the face of the building or structure to which it is attached.

74.5 Projecting signs installed over or above canopies shall not be supported by the canopy.

Section 75: Billboards

- 75.1 A development permit for a billboard shall not be issued unless:
- (a) The billboard is to be located on a lot abutting Highway 43 or in the Highway 43 right-of-way subject to the approval of Alberta Infrastructure and Transportation;
 - (b) The lot referred to in 77.1(a) is located in a commercial, industrial or urban reserve land usedistrict.
- 75.2 A billboard sign shall not:
- (a) Be more than 3.0 m (9.8 ft) high, nor more than 6.0 m (19.7 ft) long;
 - (b) Have a maximum height above grade of more than 6.0 m (19.7 ft);
 - (c) Have a maximum area exceeding 18.0 m² (194.4 ft²);

- (d) Be located closer than 3.0 m (9.8 ft) to any property line;
 - (e) Be erected, constructed, altered or used anywhere within the Town except as provided by this Bylaw and other bylaws of the Town.
- 75.3 The land and the sites in and about where the billboards are permitted shall be at all times maintained in a neat and clean manner, free from all loose papers and rubbish.
- 75.4 A second face may be required on the billboard where the back of the billboard is visible to pedestrian or vehicle traffic.
- 75.5 An existing billboard may be relocated on the same site with the approval of the Development Authority.

Section 76: Election Signs

- 76.1 Election signs may be placed on private property with the consent of the owner or occupant.
- 76.2 Election signs are permitted on municipal property only as designated by the Development Authority.
- 76.3 No encroachment of an election sign from private property onto municipal property will be permitted unless it is at a designated location.
- 76.4 Election signs must indicate the name and address of the sponsor and the person responsible for removal.
- 76.5 Election signs must be located at least 3.0 m (9.8 ft) from the edge of the travelling surface of a roadway and must not obstruct traffic sight lines.
- 76.6 Election signs on public property may not exceed 3.0 m² (32.4 ft²) in size nor 3.6 m (11.8 ft) in height.
- 76.7 Sponsors or candidates shall remove their election signs from public and private property within 48 hours after the close of the voting stations on Election Day and ensure that the site is cleaned up and that the holes are filled with a mixture of topsoil and grass seed.
- 76.8 If a sponsor or candidate fails to remove their election signs within 48 hours after the voting stations close on Election Day, the Community Peace Officers may remove them and the sponsor or candidate shall be liable for the cost of removal.
- 76.9 When an election sign interferes with work being carried out by Town work crews or contractors doing work on behalf of the Town, the crews may remove and dispose of such signs.

- 76.10 Community Peace Officers employed by the Town may remove any election signs, which have been erected, affixed, posted or placed on any Town property in contravention of this Bylaw.
- 76.11 A sponsor or candidate whose name appears on an election sign, which is in contravention of this Bylaw, shall be guilty of an offence under this Bylaw.

Section 77: Fascia Signs

- 77.1 Fascia signs shall not be located above any portion of a street, or project over public property unless there is a minimum clearance from grade of 2.5 m (8.2 ft) and a maximum projection of 0.4 m (1.3 ft).
- 77.2 A fascia sign shall not exceed 15% of the visible area of the façade of each wall of the building on which it is located.
- 77.3 A fascia sign may be illuminated.

Section 78: Freestanding Signs

- 78.1 A freestanding sign may be allowed in a yard setback area, subject to the condition that it be removed or relocated at the owner's expense upon thirty (30) days' written notice from the Town.
- 78.2 A freestanding sign must be at least 20 m (65.6 ft) from any other sign.
- 78.3 A freestanding sign must be at least 90 m (295.3 ft) from any other freestanding sign.
- 78.4 Freestanding signs in non-residential districts are subject to the following regulations:
- (a) One (1) freestanding sign shall be allowed per lot frontage for the purpose of identifying the use or building on that lot, on a site having a minimum business frontage of 15 m (49.2 ft) at road level;
 - (b) The sign shall be architecturally compatible with the general character of the building and/or the surrounding streetscape, at the discretion of the Development Authority;
 - (c) The maximum area of the freestanding sign shall not exceed 12 m² (130 ft²);
 - (d) The maximum height of the freestanding sign shall not exceed 9.0 m (29.5 ft);
 - (e) Free standing signs shall not identify any accessory tenants within the principal building;
 - (f) The sign may be illuminated, but shall not have flashing or intermittent lights or device or mechanism that creates the impression of flashing or intermittent lights;

- (g) At the discretion of the Development Authority, landscaping may be required at the base of the sign; and
 - (h) The bottom of freestanding signs shall be a minimum of 3.6 m (11.8 ft) above grade, unless a lesser distance is approved by the Development Authority, and the space between the bottom of the sign and the grade shall be unobstructed, except for such supports as the sign may require.
- 78.5 Freestanding signs in residential districts shall be permitted under the following provisions:
- (a) One (1) identification freestanding sign may be allowed to identify the name of an apartment dwelling, multi-unit complex, manufactured home park, community, neighbourhood, or subdivision, and which does not:
 - (i) exceed 2.0 m² (21.6 ft²) in area;
 - (ii) project within 0.6 m (2.0 ft) from the property line; or
 - (iii) exceed 3.5 m (11.5 ft) in height.
 - (b) Freestanding signs identifying the name of the community, neighbourhood, or subdivision shall be architecturally compatible with the general character of the buildings and the surrounding streetscape in the community, neighbourhood, or subdivision; and
 - (c) A neighbourhood identification sign shall not contain an advertisement in any form but may contain the name or logo of the company or companies which developed the neighbourhood or subdivision.

Section 79: Painted Wall Signs

- 79.1 A painted wall sign shall not exceed 3.0 m (9.8 ft) in height and 9.0 m (29.5 ft) in length.
- 79.2 Only one (1) sign per wall is permitted.
- 79.3 Notwithstanding Section 79.1, a super-graphic may be the entire length of an exterior wall providing the design has been approved by the Development Authority.

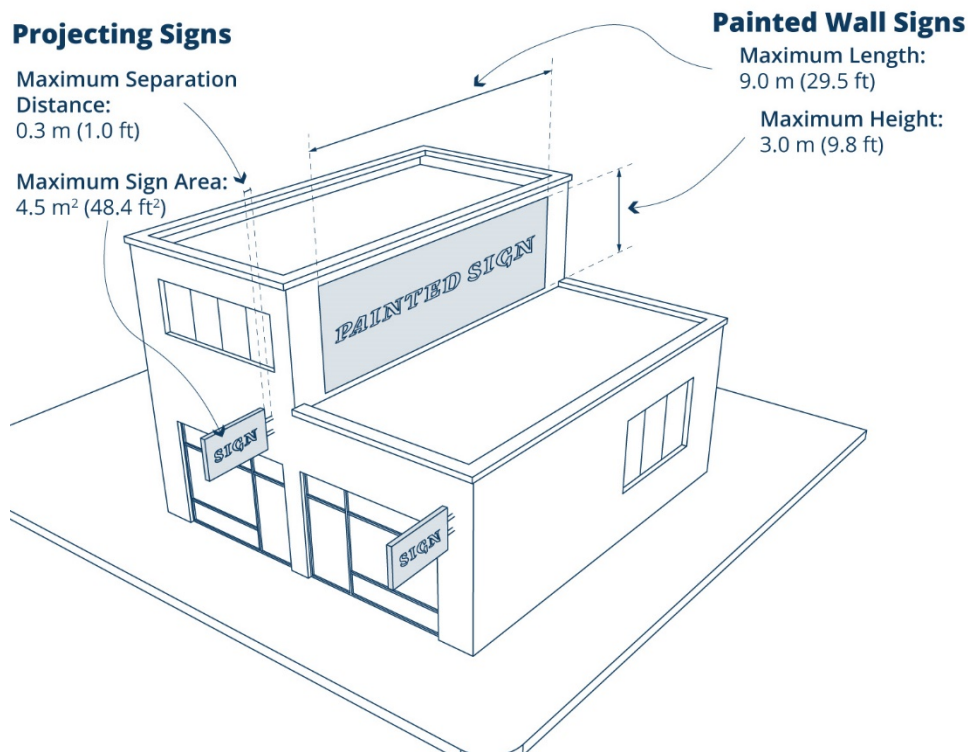

Figure 79.1. Painted Wall Signs and Projecting Signs.

Section 80: Portable and Inflatable Signs

- 80.1 Except portable signs erected by the Town or the RCMP as warning signs in connection with traffic speed or safety, no person shall place, erect or use a portable, temporary or inflatable sign anywhere in the Town.

Section 81: Projecting Signs

- 81.1 No projecting sign shall be erected so that the bottom thereof is less than 2.8 m (9.2 ft) above grade.;
- 81.2 Where traffic lights may be obscured, the minimum requirement for the bottom of the projecting sign may be increased at the discretion of the Development Authority to a height of 3.6 m (11.8 ft) or more above grade.
- 81.3 All projecting signs shall maintain the required clearance from overhead power and service lines as required under *The Electrical Protection Act*.
- 81.4 The maximum area of a projecting sign shall be 4.5 m² (48.6 ft²).
- 81.5 The nearest edge of a projecting sign shall not be set off more than 0.3 m (1.0 ft) from the building face.

Section 82: Wall Signs

- 82.1 Wall signs shall be securely fastened to walls and shall not be entirely supported by a non-braced parapet wall.
- 82.2 The maximum horizontal dimension of a wall sign shall be 6.0 m (19.7 ft).

PART TEN: LAND USE DISTRICTS

Section 83: Establishment of Land Use Districts

83.1 For the purposes of this Bylaw the Town of Fox Creek is divided into the following districts:

- Residential Single Family Class A (**R-1A**)
- Residential Single Family Class B (**R-1B**)
- Residential Estate Residential (**R-ER**)
- Residential Two Family (**R-2**)
- Residential Medium Density (**R-3**)
- Residential High Density (**R-4**)
- Residential Manufactured Home Subdivision (**R-MHS**)
- Residential Manufactured Home Park (**R-MHP**)
- Central Business District (**C-1**)
- Downtown Mixed-Use District (**C-1A**)
- Service Commercial District (**C-2**)
- Highway Commercial District (**C-3**)
- Industrial District (**M-1**)
- Parks and Services District (**U-S**)
- Urban Services District (**P-1**)
- Urban Reserve District (**U-R**)
- Direct Control District (**D-C**)

83.2 The boundaries of the districts listed in this Bylaw are as delineated in Section 102, Land Use District Map.

83.3 Where uncertainty exists as to the boundaries of districts as delineated in the Land Use District Map, the following rules shall apply:

- (a) Where a boundary is shown as following a street, lane, railway or creek, it shall be deemed to follow the centre line thereof.
- (b) Where a boundary is shown as approximately following a lot line, it shall be deemed to follow the lot line.
- (c) District boundaries not referenced specifically to items indicated in (a) and (b) shall be determined on the basis of the scale of the Land Use District Map.

- (d) Where land use districts have been established in accordance with a proposed subdivision of land, the districts shall be understood to conform to the Certificate of Title or the Plan of Survey when registered in a land title office. Prior to the registration, the district boundary shall be determined on the basis of the scale of the map.

83.4 The district standards of this Bylaw do not apply to roads, lanes, or other public thoroughfares.

Section 84: Residential Single Family Class A (R-1A)

84.1 Purpose

This district is generally intended to accommodate single family dwellings in areas where large lots are provided. The rationale of the district is to require a minimum size of dwelling, in a setting which provides for larger homes than may be permitted in other single family districts.

84.2 Uses

(a) Permitted Uses	(b) Discretionary Uses
Accessory Building or Structure Bed and Breakfast Facility Dwelling, Single Detached Home Occupation, Minor	Accessory Use Boarding or Rooming House Day Care Facility Group Care Facility Home Occupation, Major Manufactured Home, Double Wide Modular Home Secondary Suite Utility Building (not containing offices) Other related uses, which in the opinion of the Development Authority are appropriate.

84.3 Site Regulations

In addition to the Regulations contained in Parts Seven, Eight, and Nine, the following regulations shall apply to every development in this district.

(a) Maximum Site Coverage	35%
(b) Minimum Floor Area	110 m ² (1,188 ft ²)
(c) Minimum Site Depth	34.0 m (111.6 ft)
(d) Minimum Site Width	
(i) Internal Lots	18.0 m (59.1 ft)
(ii) Corner/Double Fronting	20.0 m (65.6 ft)
(iii) Pie/Irregular	Measured from Front Yard Setback

(e) Minimum Site Area	Product of Minimum Width and Minimum Depth
(f) Front Yard Setback	7.5 m (24.6 ft)
(g) Side Yard Setback (i) Single Storey (ii) > Single Storey (iii) Other Requirements	1.5 m (4.9 ft) 2.0 m (6.6 ft) Notwithstanding the above, where a site has vehicular access from the front only, one side yard setback shall be a minimum of 3.0 m (9.8 ft) to accommodate a driveway for vehicular passage to the rear of the property except where an attached garage or carport is provided.
(h) Rear Yard Setback	7.5 m (24.6 ft)
(i) Parking	A two car parking area shall be provided to the rear, side or front of the dwelling. Notwithstanding, in the case of a dwelling fronting onto an arterial road, the parking area shall access from the lane where one is provided.

(j) Other Provisions

- (i) The undercarriage of a manufactured home shall be screened from view by skirting or such other means satisfactory to the Development Authority.

84.4 Landscaping Requirements

This table is provided for convenience only. For interpretation of the Bylaw, the regulations provided in Section 51 shall prevail. Refer to Section 51 for all landscaping requirements.

Use	Minimum Number of Trees	Minimum Number of Shrubs	Notes

Residential, single detached dwelling or duplex dwelling	1 (front yard)	—	—
---	----------------	---	---

Section 85: Residential Single Family Class B (R-1B)

85.1 Purpose

This district is generally intended to accommodate single family dwellings in areas where the lots and dwellings are smaller than those found in R-1A district, thereby, allowing for a broad mix of housing sizes in the community.

85.2 Uses

(a) Permitted Uses	(b) Discretionary Uses
Accessory Building or Structure Bed and Breakfast Facility Dwelling, Single Detached Home Occupation, Minor Park	Accessory Use Boarding or Rooming House Day Care Facility Dwelling, Duplex Group Care Facility Home Occupation, Major Manufactured Home, Double Wide Modular Home Secondary Suite Utility Building (not containing offices) Other related uses, which in the opinion of the Development Authority are appropriate.

85.3 Site Regulations

In addition to the Regulations contained in Parts Seven, Eight, and Nine, the following regulations shall apply to every development in this district.

(a) Maximum Site Coverage	45%
(b) Minimum Floor Area	80 m ² (864 ft ²)
(c) Minimum Site Depth	34.0 m (111.6 ft)
(d) Minimum Site Width	
(i) Internal Lots	13.0 m (42.7 ft)
(ii) Corner/Double Fronting	14.0 m (45.9 ft)
(iii) Pie/Irregular	Measured from Front Yard Setback

(e) Minimum Site Area	Product of Minimum Width and Minimum Depth
(f) Front Yard Setback	6.0 m (19.7 ft)
(g) Side Yard Setback (i) Single Storey (ii) > Single Storey (iii) Other Requirements	1.5 m (4.9 ft) 2.0 m (6.6 ft) Notwithstanding the above, where a site has vehicular access from the front only, one side yard setback shall be a minimum of 3.0 m (9.8 ft) to accommodate a driveway for vehicular passage to the rear of the property except where an attached garage or carport is provided.
(h) Rear Yard Setback	6.0 m (19.7 ft)
(i) Parking	A two car parking area shall be provided to the rear, side or front of the dwelling. Notwithstanding, in the case of a dwelling fronting onto an arterial road, the parking area shall access from the lane where one is provided.

(j) Other Provisions

- (i) The undercarriage of a manufactured home shall be screened from view by skirting or such other means satisfactory to the Development Authority.

99.3 Site Regulations

- (a) All site and development regulations shall be at the discretion of the Development Officer or Municipal Planning Commission. Design, siting, landscaping, screening and buffering shall be considered in order to minimize and compensate for any objectionable aspects or potential incompatibility with development in abutting districts and land uses.

Section 100: Urban Reserve District (U-R)

100.1 Purpose

To reserve those areas of the municipality which are rural in character or land use for urban development until such time as a subdivision plan has been accepted in principle or approved for other specific uses not permitted in this district. The reclassification of land to other land use districts will normally occur subsequent to the acceptance of an Area Structure Plan where one is required by Council, and subsequent to the approval of subdivisions proposed.

100.2 Uses

(a) Permitted Uses	(b) Discretionary Uses
Dwelling, Single Detached (on existing parcel)	Greenhouse/Plant Nursery Kennel Natural Resource Development Temporary Use or Building which in the opinion of the Municipal Planning Commission will not prejudice the possibility of conveniently and economically re-plotting or developing the area in the future.

100.3 Site Regulations

All site regulations shall be at the discretion of the Municipal Planning Commission.

Section 101: Direct Control District (D-C)

101.1 Purpose

To provide for developments that, due to their unique characteristics, innovative ideas or unusual site constraints, require specific regulations unavailable in other land use districts. This district is not intended to be used in substitution for any other land use district in this Bylaw that could be used to achieve the same result.

101.2 District Boundaries

This district shall only apply where all the following conditions are met:

- (a) That the proposed development is in the opinion of Council considered appropriate for the site, having regard to the Land Use Bylaw, the Municipal Development Plan, applicable statutory plans and the scale and character of the proposed development in relation to the surrounding area.
- (b) That the application be initiated through a bylaw amendment procedure outlined in Part Five of the Bylaw; or Council may, after the public hearing on any proposed redistricting bylaw amend the proposed bylaw to Development Control District (DCD), and pass the proposed bylaw.

101.3 Land Uses

Land uses and buildings will be subject to the approval of Council as Development Authority.

101.4 Regulations

- (a) All site requirements shall be at the discretion of Council, based upon a review of the merits of the development proposal and the relevant land use planning considerations.
- (b) All development shall conform to the Town of Fox Creek Municipal Development Plan.
- (c) Council may refer to other sections of this Bylaw to determine requirements for specific types of proposed land uses on property zoned under this District. However, Council is not bound by any other provisions of this Bylaw other than those under this District.
- (d) When deciding a development permit application, Council shall consider the following:
 - (i) The existing and future land use of neighbouring properties;
 - (ii) The suitability of the site for the proposed use;
 - (iii) The provision of municipal or on-site services such as water and sewer; and
 - (iv) Any considerations which are unique to the proposed development.

- (e) Council may decide on other requirements as are necessary, having regard to the nature of the proposed development.

101.5 Administration and Procedures

- (a) Council shall review and decide all applications for principal uses on property zoned under this District. Development proposals for accessory uses may be delegated to the Municipal Planning Commission at the discretion of Council.
- (b) There shall be no appeal to the Subdivision and Development Appeal Board on decisions made by Council on applications for proposed development on land zoned under Direct Control District.

101.6 Under the provisions of the *Act*, the appeal denial for decisions made by Council does not apply to enforcement provisions such as Stop Order Appeals.
