**SECTION C—HOME OWNER DECLARATION**

Please initial that you have read and acknowledge that the following conditions have been met:

\_\_\_\_\_ The water saving or filtering fixtures listed on page 1 of this application were purchased by my self (or Contractor acting on behalf) and installed at the Fox Creek address indicated.

\_\_\_\_\_ Toilets are low-flush (6L or 3L/6L dual-flush) and have replaced old toilets having a flush volume of 13 litres or greater. Showerheads are low-flow (9L/min or less) and replace old showerheads of greater flow.

\_\_\_\_\_ I have recycled the old toilet(s) by removing all plastic and metal parts (seat, tank ‘guts’) and have taken it/them to the Town of Fox Creek Transfer Station. I understand that failure to properly prepare the old toilet(s) for recycling may delay approval of my rebate.

\_\_\_\_\_ I agree to the conditions of the rebate and understand that the Town of Fox Creek is not responsible for the selection, installation or performance of any water-saving or filtration system purchased and installed under this program.

\_\_\_\_\_ I grant the Town of Fox Creek the right to verify, through a home inspection, that the water saving or filtration fixtures listed on page 1 of this application have been installed at the Fox Creek Address indicated

## ELIGIBILITY CRITERIA

- The toilet or showerhead replacement or new in-line home filtration system are for a Fox Creek property.
- You are a current Town of Fox Creek water and wastewater utility customer.
- Your utility account is in good standing.
- You are replacing old, water guzzling toilet(s) (13 litres or more per flush) or installing a low flow shower head (9 litres per minute or less), or are installing a new home filtration system. New home construction, home additions, basement developments or replacement of existing low flow fixtures are not eligible for the toilet or showerhead replacement rebate.
- You correctly completed an application form and sent it in with the original sales receipt and proof of the old toilets disposal.

## CURRENT REBATES AVAILABLE

- Up to \$50.00 rebate for the replacement of an old toilet (13 litres or more) with a 6 litre toilet.
- Up to \$100.00 rebate for the replacement of an old toilet (13 litres or more) with a dual flush 3-litre / 6-litre toilet.
- Up to a \$10.00 rebate for the installation of a low flow shower head (9 litres per minute or less)
- Up to a \$100.00 rebate for the installation of a new in-line home filtration system.
