Deputy Mayor Caouette asked if anyone would like to speak against Bylaw 787-2017:

Jennifer Mearns appealed Bylaw 787-2017. Jennifer addressed Council with the following concerns:

- No letter was sent, and the signs were put up after the trees had already been taken down.
- No notification was sent to the residents around the construction site informing them of what was happening.
- A current concern was that the generators for the construction site are close to Jennifer's mother's house and the fumes are going into her mother's bedroom window.
- Noise of the fire trucks when they are returning from a call, would like to have a sound barrier built as her mother's property is adjacent to the new fire hall.
- Access to utility lines in the future.
- Approach (driveway) being too close to her mother's property.
- Depreciation of her mother's house once everything is done and complete.
