

Highway 43 – Functional Planning Study [Fox Creek Area]

[From West of Bigstone Road to East of Highway 947]

Public Consultation – January 25th, 2018

Castleglenn Consultants Inc. was retained by Alberta Transportation to undertake the Highway 43 Functional Planning Study in the general vicinity of the Town of Fox Creek. The study is to confirm the ultimate freeway interchange requirements in term of location, configuration and staging as well as address current safety and access concerns.

The goal of the project is to develop a functional plan that will:

- address existing highway operations within the study area;
- identify issues, constraints and solutions to accommodate future community development;
- identify infrastructure improvements including intersection upgrades, new service roads, local road enhancements and the ultimate freeway designation which involves planning for a future interchange;
- recommend an access management strategy for each stage of improvements; and
- identify the required property to implement the recommended improvements.

The Highway 43 FPS project team will continue to engage with local municipalities, stakeholders (including landowners, business owners and interest groups) and the public to develop the plan and evaluate the options. Public and stakeholder engagement is an important part of this project and gathering feedback is critical to the success of this decision making process.

As part of the planning process, CastleGlenn Consultants will be hosting a public open house to provide an opportunity to meet and share information with residents, businesses and property owners. Participants are encouraged to provide comments, identify concerns and assist the study process by providing additional information. The meetings will also provide Castleglenn with the opportunity to familiarize all concerned with the study process and supplement the study with information provided from those parties most affected.

CastleGlenn Consultants would like to invite you to attend the Public Open House.

Thursday January 25, 2018
Drop in time between 5:00 p.m. and 8:00 p.m.
Fox Creek Community Hall
200 1st Street, Fox Creek, Alberta TOH 1P0
