Development Permit Application Package

Commercial - Industrial

Under Provincial Law (Municipal Government Act, Revised Statutes of Alberta 2000, M-26) **all developments in the Province of Alberta require a development permit.** The Act defines development as:

- *a building or an addition to, or replacement or repair of, a building and the construction or placing of any of them on, in, over or under land.*
- *a change of use of land or a building, or an act done in relation to land or a building that results in or is likely to result in a change in the use of the land or building.*
- *a change in the intensity of use of land or a building, or an act done in relation to land or a building that results in or is likely to result in a change in the intensity of use of the land or building.*
- *an excavation or stockpile and the creation of either of them.*

In the Town of Fox Creek, the Land Use Bylaw 778-2016 states that **development permits are required for:**

- All new buildings, warehouses, cold storage buildings, quonsets, shop buildings, etc., that have a footprint larger than 14.0 m² (151 square feet).
- Small buildings or sheds that measure less than 14.0 m² (151 square feet) in floor area but which are placed on a permanent foundation.
- Structural additions or alterations to existing buildings. A permit is not required for painting, roofing or exterior refurbishing, etc.
- Change of use or intensity of use of an existing building (such as a new business replacing an existing business in a commercial building).
- Fences that are higher than 2.0 m (6 ft, 6 in) above grade.
- Communication antennae and structures which exceed 4.6 m (15 ft, 1 in) in height above grade.
- Landscaping which will alter land surface grades and/or storm water flow direction.
- Stripping, site grading, excavation or soil/gravel stockpiling that is not part of a previously issued development permit.
- Demolition of a building (unless a development permit has been issued for a building replacement on the same footprint).
- Hard surfacing of any area greater than 7.5 m² (24.6 square feet) in size.
- Retaining walls over 1m (3 ft., 3 in) in height. Signed and stamped engineered drawings will be required.
- Failure to fully complete the application form and supply the required information, plans and fee may cause delays in processing your application.
- The Development Officer may refuse any application that is deemed incomplete.
- A Surveyor's Certificate may be required relating to the site or building which is the subject of the application.
- Construction undertaken following the approval of this development permit application may be regulated by the Alberta Building Code.
- Any actions taken by the applicant prior to the issuance of a development permit is issued is at his/her own risk.

PLEASE ENSURE THAT YOU HAVE TICKED OFF ALL THE BOXES ON THE FOLLOWING PAGE BEFORE SUBMITTING YOUR APPLICATION TO PREVENT DELAYS IN PROCESSING YOUR APPLICATION.
